

membership which are contained in an approval letter sent to the bank by the Federal Reserve Bank in the District where the bank is located. In addition to the conditions of membership, the bank also is advised by the Reserve Bank that it must subscribe to the capital stock of the Federal Reserve Bank of its District in an amount equal to 6 percent of the bank's paid-up capital and surplus, including reserve for dividends payable in common stock, pursuant to Section 5 of the Federal Reserve Act and Regulation I. However, the bank is required to make payment for only 50 percent of the subscription, which is recorded as paid-in capital on the Reserve Bank's balance sheet. The remaining 50 percent is subject to call by the Board of Governors of the Federal Reserve System. On June 30, 1994, there were 4,160 Federal Reserve member banks, and their consolidated paid-in capital at the twelve Federal Reserve Banks was \$3.5 billion.

The applications are necessary in order to obtain account data on the bank's capital and surplus and to document its request to increase or decrease its holdings of Federal Reserve Bank stock. Another purpose of the applications is to verify that a request has been duly authorized and to prevent unauthorized requests for issuance or cancellation of Federal Reserve Bank stock. The applications are used exclusively by the applying banks and the Federal Reserve Banks. The information collected on the applications is not available from any other source.

4. Report title: Notification of Foreign Branch Status

Agency form number: FR 2058

OMB Docket number: 7100-0069

Frequency: On occasion

Reporters: State member banks, Edge and agreement corporations, and bank holding companies

Annual reporting hours: 20

Estimated average hours per response: 0.25

Number of respondents: 80

Small businesses are not affected.

General description of report: This information collection is required (12 U.S.C. §§321, 601, 602, 615, and 1844(c)). The notifications are not considered confidential.

Abstract: Member banks, bank holding companies, and Edge and agreement corporations are required to notify the Federal Reserve System of the opening, closing, or relocation of an approved foreign branch. The notice requests information on the location and extent of service provided by the branch, and is filed within thirty days of the change in status. The Federal Reserve needs the information to fulfill its statutory obligation to supervise foreign branches of U.S. banking organizations. Minor clarifying changes will be made to the form and instructions.

Regulation K, "International Banking Operations," sets forth the conditions under which a foreign branch may be established. For their initial establishment of foreign branches, organizations must request prior Board approval as directed in Attachment A of the FR K-1, "International Applications and Prior Notifications Under Subparts A and C of Regulation K" (OMB No. 7100-0107). For subsequent branch establishments into additional foreign countries, organizations must give the Federal Reserve System forty-five days prior written notice using Attachment B of FR K-1. Organizations use the FR 2058 notification to notify the Federal Reserve when any of these branches has been opened, closed, or relocated.

The proposed changes in the FR 2058 instructions will clarify the scope of the branch status changes that require notification to the Federal Reserve. Information on changes in status of additional branches within the same country in which such a subsidiary is incorporated is not required. The FR 2058 instructions will be clarified to limit the filing requirement to the

organization's initial entrant into each foreign country. Also, the instructions will be clarified to reflect that a notice should be filed for foreign branches of subsidiaries acquired or divested by the institution. The FR 2058 notification form also will be better formatted to elicit the effective date of the branch status change and whether the branch is a shell or a full service branch.

Board of Governors of the Federal Reserve System, July 20, 1995

Secretary of the Board

Health Care Financing Administration

Medicare and Medicaid Programs; Quarterly Listing of Program Issuances and Coverage Decisions— First Quarter 1995

AGENCY: Health Care Financing
Administration (HCFA), HHS.

ACTION: Notice.

SUMMARY: This notice lists HCFA manual instructions, substantive and interpretive regulations and other **Federal Register** notices, and statements of policy that were published during January, February, and March of 1995 that relate to the Medicare and Medicaid programs. Section 1871(c) of the Social Security Act requires that we publish a list of Medicare issuances in the **Federal Register** at least every 3 months. Although we are not mandated to do so by statute, for the sake of completeness of the listing, we are including all Medicaid issuances and Medicare and Medicaid substantive and interpretive regulations (proposed and final) published during this timeframe. We are also providing the content of revisions to the Medicare Coverage Issues Manual published between January 1 and March 31, 1995. On August 21, 1989, we published the content of the Manual (54 FR 34555) and indicated that we will publish quarterly any updates. Adding to this listing the complete text of the changes to the Medicare Coverage Issues Manual allows us to fulfill this requirement in a manner that facilitates identification of coverage and other changes in our manuals.

FOR FURTHER INFORMATION CONTACT:
Margaret Cotton, (410) 786-5255 (For Medicare instruction information). Pat Prete, (410) 966-3246 (For Medicaid instruction information). After July 21, 1995, (410) 786-3246. Nancy Ranel, (410) 966-8928 (For all other

information). After August 4, 1995, (410) 786-8928.

SUPPLEMENTARY INFORMATION:

I. Program Issuances

The Health Care Financing Administration (HCFA) is responsible for administering the Medicare and Medicaid programs, which pay for health care and related services for 38 million Medicare beneficiaries and 36 million Medicaid recipients. Administration of these programs involves (1) Providing information to Medicare beneficiaries and Medicaid recipients, health care providers, and the public; and (2) effective communications with regional offices, State governments, State Medicaid Agencies, State Survey Agencies, various providers of health care, fiscal intermediaries and carriers who process claims and pay bills, and others. To implement the various statutes on which the programs are based, we issue regulations under authority granted the Secretary under sections 1102, 1871, and 1902 and related provisions of the Social Security Act (the Act) and also issue various manuals, memoranda, and statements necessary to administer the programs efficiently.

Section 1871(c)(1) of the Act requires that we publish in the **Federal Register** at least every 3 months a list of all Medicare manual instructions, interpretive rules, statements of policy, and guidelines of general applicability not issued as regulations. We published our first notice June 9, 1988 (53 FR 21730). Although we are not mandated to do so by statute, for the sake of completeness of the listing of operational and policy statements, we are continuing our practice of including Medicare substantive and interpretive regulations (proposed and final) published during the 3-month timeframe. Since the publication of our quarterly listing on June 12, 1992 (57 FR 24797), we decided to add Medicaid issuances to our quarterly listings. Accordingly, we are listing in this notice Medicaid issuances and Medicaid substantive and interpretive regulations published from January 1 through March 31, 1995.

II. Medicare Coverage Issues

We receive numerous inquiries from the general public about whether specific items or services are covered under Medicare. Providers, carriers, and intermediaries have copies of the Medicare Coverage Issues Manual, which identifies those medical items, services, technologies, or treatment procedures that can be paid for under

Medicare. On August 21, 1989, we published a notice in the **Federal Register** (54 FR 34555) that contained all the Medicare coverage decisions issued in that manual.

In that notice, we indicated that revisions to the Coverage Issues Manual will be published at least quarterly in the **Federal Register**. We also sometimes issue proposed or final national coverage decision changes in separate **Federal Register** notices. Readers should find this an easy way to identify both issuance changes to all our manuals and the text of changes to the Coverage Issues Manual.

Revisions to the Coverage Issues Manual are not published on a regular basis but on an as-needed basis. We publish revisions as a result of technological changes, medical practice changes, responses to inquiries we receive seeking clarifications, or the resolution of coverage issues under Medicare. If no Coverage Issues Manual revisions were published during a particular quarter, our listing will reflect that fact.

Not all revisions to the Coverage Issues Manual contain major changes. As with any instruction, sometimes minor clarifications or revisions are made within the text. We have reprinted manual revisions as transmitted to manual holders. The new text is shown in italics. We will not reprint the table of contents, since the table of contents serves primarily as a finding aid for the user of the manual and does not identify items as covered or not.

III. How to Use the Addenda

This notice is organized so that a reader may review the subjects of all manual issuances, memoranda, substantive and interpretive regulations, or coverage decisions published during the timeframe to determine whether any are of particular interest. We expect it to be used in concert with previously published notices. Most notably, those unfamiliar with a description of our Medicare manuals may wish to review Table I of our first three notices June 9, 1988 (53 FR 21730), September 22, 1988 (53 FR 36891), December 16, 1988 (53 FR 50577) and the notice published March 31, 1993 (58 FR 16837), and those desiring information on the Medicare Coverage Issues Manual may wish to review the August 21, 1989 publication (54 FR 34555).

To aid the reader, we have organized and divided this current listing into five addenda. Addendum I identifies updates that changed the Coverage Issues Manual. We published notices in the **Federal Register** that included the text of changes to the Coverage Issues
