Draft Climbing Management Plan and Environmental Assessment for City of Rocks National Reserve, Idaho

ACTION: Notice of availability of Draft Climbing Management Plan and Environmental Assessment.

SUMMARY: This Notice announces the availability of a draft Climbing Management Plan and Environmental Assessment (EA) for City of Rocks National Reserve, Idaho.

DATES: Written comments on the Plan/EA should be received no later than Friday, 15 September 1995.

ADDRESSES: Copies of the Plan/EA are available on request from the Superintendent, City of Rocks National Reserve, P.O. Box 169, Almo, Idaho 83312; telephone (208) 824-5519. Written comments should be sent to the above address.

SUPPLEMENTARY INFORMATION: Rock climbing is one of the most popular recreation activities at City of Rocks National Reserve. While recognizing the legitimacy of this activity at the Reserve, the National Park Service prepared the Climbing Management Plan to help ensure that such use will not impair the Reserve's natural and cultural resources. The plan/EA describes four alternatives and analyzes their associated environmental impacts: (1) No Action; (2) Permit System; (3) Regulatory Approach; and (4) Proposed Action, which combines elements from the other alternatives. Because the Twin Sisters formation is such a prominent and significant feature of the Reserve, the plan/EA gives special attention to managing climbing on that resource.
