[Docket Nos. RP95-326-003 and RP95-242-004]

Natural Gas Pipeline Co. of America; Notice of Proposed Changes in FERC Gas Tariff

August 23, 1995.

Take notice that on August 18, 1995, Natural Gas Pipeline Company of America (Natural), tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, First Revised Sheet No. 204A with a proposed effective date of September 1, 1995. This sheet is being revised to modify the currently effective rules for transition to new services, to allow continuation of existing Agreements under Rate Schedule FSS.

Natural is also submitting *pro forma* tariff sheets as part of its FERC Gas Tariff, Sixth Revised Volume No. 1 and Second Revised Volume No. 2, related to Natural's proposed Pro Forma Case filed in the referenced dockets. Natural has not reflected an effective date on these *pro forma* tariff sheets but is renewing its request that the Commission allow the Pro Forma Case to go into effect as of December 1, 1995.

Natural states that the purpose of the filing is to comply with the Commission's June 26, 1995, order in Docket Nos. RP95-326-000 and RP95-242-000 which required Natural to submit a new *pro forma* version of its restructured services, revised to respond to the concerns raised at the technical conferences and with rates reflecting the customers' August 1 service elections.

Natural states that due to the significant fly-up in maximum rates created by these changes, it is proposing a deferred cost procedure to avoid such rate increases.

Natural requested waiver of the Commission's Regulations to the extent necessary to permit the tariff sheets to become effective September 1, 1995 and December 1, 1995.

Natural states that copies of the filing are being mailed to Natural's
