BILLING CODE 6210-01-F

Norwest Corporation; Application to Engage in Nonbanking Activities

Norwest Corporation, Minneapolis, Minnesota, and its wholly owned subsidiary Norwest Financial Services, Inc., Des Moines, Iowa (NFS) (together, Applicants), have given notice pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) (BHC Act) and § 225.23(a)(3) of the Board's Regulation Y (12 CFR 225.23(a)(3)) to engage *de novo* through NFS's wholly owned subsidiaries, Orlandi Valuta, Los Angeles, California, and Orlandi Valuta Nacional, Boulder City, Nevada (together, Companies), in the activity of transmitting money for customers within the United States, including Puerto Rico, the U.S. Virgin Islands, and Guam (domestic money transmission).

Orlandi currently engages solely in the activity of transmitting money to a foreign country (Mexico) on behalf of customers. The activity is conducted through Orlandi's office locations and Orlandi's network of outside representatives. Companies will use this network following the acquisition and, subject to licensing and other regulatory requirements, intend to expand the network to include Applicants' consumer finance offices. A "hotline" telephone will be located at the office of the outside representative. This telephone will be connected directly to Companies' office and the customer will speak directly with an employee of Companies. The customer will provide the information regarding the recipient and the dollar amount to be transferred. The outside representative will collect the money from the customer and deposit the funds in a designated account at a local bank chosen by the outside representative. These funds will be held *in trust* for the benefit of the remitting customer and will not be

commingled with any other funds of Companies or the outside representative. Companies will collect the funds deposited in the outside representative's account by means of an ACH transaction or similar transaction. Companies will deposit an amount equal to the transmitted funds in an account at a bank at a location near the disbursement site. The local disbursement site will notify the recipient that the funds are available to be picked up. When the recipient comes to the disbursement site, a check drawn on the local bank will be issued to the recipient with funds immediately available for the recipient to cash or deposit the check.

Section 4(c)(8) of the BHC Act provides that a bank holding company may, with Board approval, engage in any activity which the Board, after due notice and opportunity for hearing, has determined (by order or regulation) to be so closely related to banking or managing or controlling banks as to be a proper incident thereto. This statutory test requires that two separate tests be met for an activity to be permissible for a bank holding company. First, the Board must determine that the activity is, as a general matter, closely related to banking. Second, the Board must find in a particular case that the performance of the activity by the applicant bank holding company may reasonably be expected to produce public benefits such as greater convenience, increased competition, or gains in efficiency that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices.

The Board has not previously approved money transmission activities within the United States. The Board has previously approved, by order, however, the activity of transmitting money for customers to a foreign country. See *Philippine Commercial International Bank*, Federal Reserve Bulletin 270 (1991); *Berger Bank A/S*, 76 Federal Reserve Bulletin 457 (1990); *Skandinaviska Enskilda Banken*, 69 Federal Reserve Bulletin 42 (1983); *European-American Bancorp*, *European-American Bancorp*, 63 Federal Reserve Bulletin 595 (1977). In this regard, on August 28, 1995, the Board approved the notice by Applicants to acquire Orlandi and thereby engage in the activity of transmitting money for customers to Mexico. Applicants believe that the proposed activities meet the *National Courier* standard because the activity of domestic money transmission is identical to the previously approved

activity of transmitting money for customers to a foreign country, except that the recipient will be located in the United States.

In publishing the proposal for comment, the Board does not take a position on issues raised by the proposal. Notice of the proposal is published solely in order to seek the views of interested persons on the issues presented by the application and does not represent a determination by the Board that the proposal meets, or is likely to meet, the standards of the BHC Act.

Any comments or requests for hearing should be submitted in writing and received by William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than October 4, 1995. Any request for a hearing on this application must, as required by § 262.3(e) of the Board's Rules of Procedure (12 CFR 262.3(e)), be accompanied by a statement of the reasons why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

This application may be inspected at the offices of the Board of Governors or the Federal Reserve Bank of Minneapolis.

Board of Governors of the Federal Reserve System, August 30, 1995.

William W. Wiles,

Secretary of the Board.
