Notice of Realty Action; Transfer of Public Lands, Kern County, California

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Notice of Realty Action; Recreation and Public Purpose Act Transfer Kern County, California.

SUMMARY: The following described land has been examined and found suitable for classification for transfer to Kern County under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 et seq.).

Mount Diablo Meridian

T.27S., R.39E.,

Section 12: NW $\frac{1}{4}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ NW $\frac{1}{4}$.

Containing 120 acres of public land, more or less.

SUPPLEMENTARY INFORMATION: The County of Kern has applied to transfer the site currently leased for the Ridgecrest Landfill. The lands are not needed for Federal purposes and conveyance would be consistent with the 1980 California Desert Conservation Area Plan, as amended. The lease and conveyance of the land would be subject to the following terms and conditions:

1. Provisions of the Recreation and Public Purpose Act and applicable regulations of the Secretary of the Interior.

2. A right of way to the United States for ditches and canals, pursuant to the Act of August 30, 1890 (43 U.S.C. 945).

3. A reservation of all minerals to the United States, and the right to prospect, mine and remove the minerals.

4. A declaratory covenant stating that the site has been used for disposal of solid waste.

Publication of this Notice in the **Federal Register** segregates the public lands from all other forms of appropriation under the public land laws and the general mining laws, but not the mineral leasing laws or the Recreation and Public Purpose Act. Detailed information concerning this action is available for review at the California Desert District, 6221 Box Springs Blvd., Riverside, CA 92507. For a period of 45 days after publication of this notice in the **Federal Register** interested parties may submit comments to the District Manager, California Desert District, in care of the above address. Objections will be reviewed by the State Director, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the classification will become effective November 13, 1995.

Dated: August 24, 1995.

Henri R. Bisson,

District Manager.

[FR Doc. 95-22261 Filed 9-8-95; 8:45 am]

BILLING CODE 4310-40-P

[NV-930-4210-05; N-59989]

Notice of Realty Action: Conveyance for Recreation and Public Purposes

AGENCY: Bureau of Land Management.

ACTION: Recreation and public purpose conveyance.

SUMMARY: The following described public land near Laughlin, Clark County, Nevada has been examined and found suitable for conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 et seq.). Clark County proposes to use the land for a municipal solid waste landfill.

Mount Diablo Meridian, Nevada

T. 32 S., R. 66 E.,

Sec. 8: NE $\frac{1}{4}$ NE $\frac{1}{4}$;

Sec. 9: NW $\frac{1}{4}$ NW $\frac{1}{4}$.

Containing 80 acres, more or less.

The land is not required for any federal purpose. The conveyance is consistent with current Bureau planning for this area and would be in the public interest. The patent, when issued, will be subject to the provisions of the

Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe.

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas District, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws.

By no later than October 26, 1995, interested parties may submit comments regarding the proposed conveyance for classification of the lands to the District Manager, Las Vegas District, 4765 W. Vegas Drive, Las Vegas, Nevada 89108.

CLASSIFICATION COMMENTS: Interested parties may submit comments involving the suitability of the land for a municipal solid waste landfill. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

APPLICATION COMMENTS: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a municipal solid waste landfill.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land described in this Notice will become effective November 13, 1995. The lands will not be offered for conveyance until after the classification becomes effective.

Dated: August 30, 1995.

Michael F. Dwyer,
District Manager, Las Vegas, NV.

Bureau of Reclamation

Central Valley Project Improvement Act, Criteria for Evaluating Water Conservation Plans

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of draft decision of evaluation of water conservation plans.

SUMMARY: To meet the requirements of the Central Valley Project Improvement Act (CVPIA), the Bureau of Reclamation (Reclamation) developed and published the Criteria for Evaluating Water Conservation Plans (Criteria) dated April 30, 1993. These Criteria were developed based on information provided during public scoping and public review sessions held throughout Reclamation's Mid-Pacific (MP) Region. Reclamation uses these Criteria to evaluate the adequacy of all water conservation plans developed by project contractors in the MP Region, including those required by the Reclamation Reform Act of 1982. The Criteria were developed and the plans evaluated for the purpose of promoting the most efficient water use reasonably achievable by all MP Region's contractors. Reclamation made a commitment (stated within the Criteria) to publish a notice of its draft determination on the adequacy of each contractor's water conservation plan in the **Federal Register** and to allow the public a minimum of 30 days to comment on its preliminary determinations. This program is ongoing; an updated list will be published to recognize districts as plans are revised to meet the Criteria.

DATES: All public comments must be received by Reclamation by October 11, 1995.

ADDRESSES: Please mail comments to the address provided below.

FOR FURTHER INFORMATION CONTACT: Debra Goodman, Bureau of Reclamation, 2800 Cottage Way, MP-402, Sacramento, CA 95825. To be placed on a mailing list for any subsequent information, please write Debra Goodman or telephone at (916) 979-2397.

SUPPLEMENTARY INFORMATION: Under provisions of Section 3405(e) of the CVPIA (Title 34 of Public Law 102-575), "The Secretary (of the Interior) shall

establish and administer an office on Central Valley Project water conservation best management practices that shall * * * develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982." Also, according to Section 3405(e)(1), these criteria will be developed " * * * with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices."

The MP Criteria states that all parties (districts) that contract with Reclamation for water supplies (municipal and industrial contracts greater than 2,000 acre feet and agricultural contracts over 2,000 irrigable acres) will prepare water conservation plans which will be evaluated by Reclamation based on the following required information detailed in the steps listed below to develop, implement, monitor, and update their water conservation plans. The steps are:

1. Coordinate with other agencies and the public.
2. Describe the district.
3. Inventory water resources.
4. Review the past water conservation plan and activities.
5. Identify best management practices to be implemented.
6. Develop schedules, budgets, and projected results.
7. Review, evaluate, and adopt the water conservation plan.
8. Implement, monitor, and update the water conservation plan.

The MP contractors listed below have developed water conservation plans which Reclamation has evaluated and preliminarily determined meet the requirements of the Criteria.

- Clear Creek Community Services District
 - Fresno Irrigation District
 - Orland-Artois Water District
 - Stockton East Water District

Public comment on Reclamation's preliminary (i.e., draft) determinations at this time is invited. Copies of the plans listed above will be available for review at Reclamation's MP Regional Office and MP's area offices. If you wish to review a copy of the plans, please contact Ms. Goodman to find the office nearest you.

Dated: August 28, 1995.

Franklin E. Dimick,
Assistant Regional Director.

BILLING CODE 4310-94-M

Revision of the Record of Decision on the Final Environmental Impact Statement for the Narrows Project, Small Reclamation Loan Program, Utah

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the Department of the Interior, Bureau of Reclamation (Reclamation), has prepared a final environmental impact statement (EIS) on the proposed Narrows Project. The EIS describes and presents the environmental effects of three alternatives, including no action, for a multiple purpose water development project that would provide water for irrigation and municipal use in north Sanpete County, Utah. This notice is for the purpose of rescinding the Record of Decision for this FEIS.

FOR FURTHER INFORMATION CONTACT: Charles A. Calhoun, Regional Director, Upper Colorado Region, Bureau of Reclamation, UC-100, Mail Room 6107, 125 South State Street, Salt Lake City, Utah 84138-1102; Telephone: (801) 524-5592.

SUPPLEMENTARY INFORMATION: On July 28, 1995, the Carbon Water Committee, et. al., filed an action in the United States District Court against Reclamation for declaratory judgment and injunctive relief. The primary assertion in the complaint is that Reclamation failed to comply with NEPA, in the preparation of the final environmental impact statement (EIS) for the proposed Narrows Project.

The complaint alleges a conflict of interest on the part of the contractor that Sanpete Water Conservancy District hired to prepare the EIS and the Loan application. By this revision action, Reclamation intends to initiate a close review of the NEPA document, specifically in light of a possible conflict of interest, to determine whether the contractor accurately portrayed the environmental consequences of the proposed action, both for the public and the decision makers.

Any further action under NEPA or processing of the loan application will await the outcome of this review.

Dated: September 6, 1995.

Charles A. Calhoun,
Regional Director.
