

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**Office of the Secretary****24 CFR Part 888**

[Docket No. FR-3933-N-02]

Fair Market Rents for Section 8 Housing Assistance Payments Program—Fiscal Year 1996**AGENCY:** Office of the Secretary, HUD.**ACTION:** Final fiscal year (FY) 1996 fair market rents (FMRs).

SUMMARY: Section 8(c)(1) of the United States Housing Act of 1937 requires the Secretary to publish FMRs annually to be effective on October 1 of each year. FMRs are used for the Section 8 Rental Certificate program (including space rentals by owners of manufactured homes under that program); the Moderate Rehabilitation Single Room Occupancy program; housing assisted under the Loan Management and Property Disposition programs; payment standards for the Rental Voucher program; and any other programs whose regulations specify their use.

On March 2, 1995 (60 FR 11870), HUD published a proposed rule to revise 24 CFR part 888 to change the FMR rent standard from the 45th to 40th percentile rent level. That change was published in the **Federal Register** on August 15, 1995 (60 FR 42222), and made effective on September 14, 1995.

HUD also published proposed FY 1996 FMRs on August 15, 1995 (60 FR 42290). Because of the delay in publishing the proposed FMRs, the public comment period will extend beyond the October 1 statutory date for publishing final FMRs. Therefore, there will be two notices of final FMRs. Today's document provides final FY 1996 FMRs at the level of the proposed FMRs, except for the small number of areas with proposed FMR reductions that will have their FMRs held at the FY 1995 40th percentile level pending evaluation of public comments. The second publication of final FY 1996 FMRs, which will announce revised FMRs for the areas that submitted successful public comments, will occur early next year.

EFFECTIVE DATE: October 1, 1995.

FOR FURTHER INFORMATION CONTACT: Gerald J. Benoit, Rental Assistance Division, Office of Public and Indian Housing, telephone (202) 708-0477. (TDD: (202) 708-0850). For technical information on the development of schedules for specific areas or the method used for the rent calculations, contact Michael R. Allard, Economic

and Market Analysis Division, Office of Economic Affairs, telephone (202) 708-0577 (TDD: (202) 708-0770). (These are not toll-free numbers.)

SUPPLEMENTARY INFORMATION:**I. Background**

Section 8 of the United States Housing Act of 1937 (the Act) (42 U.S.C. 1437f) authorizes housing assistance to aid lower income families in renting decent, safe, and sanitary housing. Assistance payments are limited by FMRs established by HUD for different areas. In general, the FMR for an area is the amount that would be needed to pay the gross rent (shelter rent plus utilities) of privately owned, decent, safe, and sanitary rental housing of a modest (non-luxury) nature with suitable amenities.

II. Publication of FMRs

Section 8(c) of the Act requires the Secretary of HUD to publish FMRs periodically, but not less frequently than annually. The Department's regulations provide that HUD will develop FMRs by publishing proposed FMRs for public comment and after evaluating the public comments, publish the final FMRs (see 24 CFR 888.115). The final FY 1996 FMR schedules at the end of this document list the FMR levels for the Rental Certificate program (Schedule B) and for the areas where modifications have been approved for the manufactured home space FMRs (Schedule D).

III. Method Used to Develop FMRs*FMR Standard*

The FMRs are gross rent estimates; they include shelter rent and the cost of utilities, except telephone. HUD sets FMRs to assure that a sufficient supply of rental housing is available to program participants. To accomplish this objective, FMRs must be both high enough to permit a selection of units and neighborhoods and low enough to serve as many families as possible. The level at which FMRs are set is expressed as a percentile point within the rent distribution of standard quality rental housing units. The current definition used is the 40th percentile rent, the dollar amount below which 40 percent of the standard quality rental housing units rent. The 40th percentile rent is drawn from the distribution of rents of units which are occupied by recent movers (renter households who moved into their unit within the past 15 months). Newly built units less than two years old are excluded, and adjustments have been made to correct

for the below market rents of public housing units included in the data base.

Data Sources

HUD uses the most accurate and current data available to develop the FMR estimates. The sources of survey data used for the base-year estimates are:

(1) the 1990 Census, which provides statistically reliable rent data for all FMR areas;

(2) the Bureau of the Census' American Housing Surveys (AHSs), which are used to develop between-Census revisions for the largest metropolitan areas and which have accuracy comparable to the decennial Census; and

(3) the Random Digit Dialing (RDD) telephone surveys of individual FMR areas, which are based on a sampling procedure that uses computers to select statistically random samples of rental housing.

The base-year FMRs are updated using trending factors based on Consumer Price Index (CPI) data for rents and utilities or HUD regional rent change factors developed from RDD surveys. Annual average CPI data are available individually for 102 metropolitan FMR areas. RDD Regional rent change factors are developed annually for the metropolitan and nonmetropolitan parts of each of the 10 HUD regions. The RDD factors are used to update the base year estimates for all FMR areas that do not have their own local CPI survey.

FY 1996 FMRs

This document makes effective revised FMRs that reflect estimated 40th percentile rent levels trended to April 1, 1996. The FMRs have been calculated separately for each bedroom size category based on 1990 Census data. For most FMR areas, the ratios developed from the Census for that area were applied to the two-bedroom FMR estimate to derive the FMRs for the other bedroom size categories. Exceptions have been made for areas with local bedroom size rent intervals below an acceptable range. For those areas the bedroom size intervals selected were the minimums determined after outliers had been excluded from the distribution of bedroom ratios for all metropolitan areas. Higher ratios continue to be used for three-bedroom and larger size units than would result from using the actual market relationships. This is done to assist the largest, most difficult to house families in finding program-eligible units.

FMR Areas With Proposed Reductions

In the August 15, 1995, notice of proposed FMRs, HUD announced that the FMRs for 31 areas were being proposed with reduced FMRs as the result of recent RDD and AHS surveys. Until the affected PHAs have had the opportunity to submit public comments, these areas will continue to use the FY 1995 40th percentile FMRs (included in Schedule B of this notice). The reductions in the FMRs, or any revisions resulting from public comments, for these areas will be made effective in the second publication of final FY 1996 FMRs.

FMRs for Puerto Rico

The August 15, notice of proposed FMRs also announced that HUD was in the process of re-benchmarking the FMRs for Puerto Rico. Specially designed RDD surveys have been, or are in the process of being, conducted of each of the metropolitan FMR areas and of the nonmetropolitan area of Puerto Rico. These surveys were modified by adding housing quality questions to account for the high incidence of substandard rental housing in Puerto Rico. Based on the survey results, today's notice makes effective higher

FMRs for Mayaguez. The FMRs for the San Juan-Bayamon and the Caguas FMR areas will remain at the FY 1995 40th percentile levels pending evaluation of any public comments received concerning the reductions proposed for FY 1996.

The FMRs for Arecibo, Ponce, and for the nonmetropolitan areas remain at their FY 1995 40th percentile levels. The slight increase proposed in the FMRs for Aguadilla is being made effective in this notice. Results of the RDD surveys now underway for the Aguadilla, Arecibo, and Ponce metropolitan FMR areas and for the nonmetropolitan FMR areas of Puerto Rico will be announced in the **Federal Register** notice of proposed FY 1997 FMRs.

State Minimum FMRs

Today's document implements HUD's new minimum FMR policy, which establishes FMRs at the higher of the local FMR or the State-wide average FMR of nonmetropolitan counties, subject to a ceiling rent cap of \$450 on the nonmetropolitan State averages. HUD adopted this procedure in recognition of the difficulty that small PHAs in lightly populated rural areas were having in developing valid FMR surveys and the concern that their FMRs may be affected by small sample sizes and a higher incidence of substandard housing and assisted housing with below market rents. The new policy raises the FMRs for many of the nonmetropolitan counties. HUD also has decided to apply the policy to a small number of metropolitan areas that otherwise would have had FMRs below the State-wide nonmetropolitan county average. The new State minimum policy may be subject to change, based on further analysis and public comment.

Manufactured Home Space FMRs

Manufactured home space FMRs are 30 percent of the applicable Section 8 Rental Certificate program FMR for a two-bedroom unit. HUD accepts public comments requesting modifications of these FMRs where they are thought to be inadequate to run the program. In order to be accepted as a basis for revising the FMRs, such comments must contain statistically valid survey data that show the 40th percentile space rent (excluding the cost of utilities) for the entire FMR area. This program uses the same FMR area definitions as the Section 8 Rental Certificate program. Manufactured home space FMR revisions are published as final FMRs in Schedule D. Once approved, the revised manufactured home space FMRs establish new base year estimates that

are updated annually using the same data used to update the Rental Certificate program FMRs.

New Metropolitan FMR Areas

This publication makes final the definitions of three new metropolitan FMR areas based on the most recent OMB changes. The Grand Junction CO FMR area (Mesa County) is the same as the MSA definition. HUD has decided, however, not to use the Flagstaff, AZ-UT MSA definition as a FMR area because Kane County, UT is not considered to be part of the Flagstaff housing market area. The Flagstaff metropolitan FMR area, therefore, is defined to include only Coconino County, AZ, while Kane County, UT is identified as a separate metropolitan FMR area under the State of Utah listing.

IV. HUD Rental Housing Survey Guides

HUD recommends use of professionally-conducted Random Digit Dialing (RDD) telephone surveys to test the accuracy of FMRs for areas where there is a sufficient number of Section 8 units to justify the survey cost of \$10,000-\$15,000. Areas with 500 or more program units usually meet this criterion, and areas with fewer units may meet it if the actual two-bedroom FMR rent standard is significantly different than that proposed by HUD. In addition, HUD has developed a simplified version of the RDD survey methodology for smaller, nonmetropolitan PHAs. This methodology is designed to be simple enough to be done by the PHA itself, rather than by professional survey organizations, at a cost of around \$5,000 or less.

PHAs in nonmetropolitan areas may, in certain circumstances, do surveys of groups of counties. All grouped surveys must be approved in advance by HUD. PHAs are cautioned that the resultant FMRs will not be identical within the group; each individual FMR area will have a separate FMR based on its relationship to the combined rent of the group of FMR areas.

PHAs that plan to use the RDD survey technique may obtain a copy of the appropriate survey guide by calling HUD USER on 1-800-245-2691. Larger PHAs should request "Random Digit Dialing Surveys; A Guide to Assist Larger Public Housing Agencies in Preparing Fair Market Rent Comments." Smaller PHAs should obtain "Rental Housing Surveys; A Guide to Assist Smaller Public Housing Agencies in Preparing Fair Market Rent Comments."

HUD prefers but does not mandate the use of RDD telephone surveys or the more traditional method described in

the small PHA survey guide. Other survey methodologies are acceptable as long as they provide statistically reliable, unbiased estimates of the 40th percentile gross rent. Survey samples should preferably be randomly drawn from a complete list of rental units for the FMR area. If this is not feasible, the selected sample must be drawn so as to be statistically representative of the entire rental housing stock of the FMR area. In particular surveys must include units of all rent levels and be representative by structure type (including single-family, duplex and other small rental properties), age of housing unit, and geographic location. All survey results must be fully documented.

V. FMRs for Federal Disaster Areas

Under the authority granted in 24 CFR part 899, the Secretary finds good cause to waive the regulatory requirements that govern requests for geographic area FMR exceptions for areas that are declared disaster areas by the Federal Emergency Management Agency (FEMA) during FY 1996. HUD is prepared to grant disaster-related exceptions up to 10 percent above the applicable FMRs. HUD field offices are authorized to approve such exceptions for: (1) single-county FMR areas and for individual county parts of multi-county FMR areas that qualify as disaster areas under the Robert T. Stafford Disaster Relief and Emergency Assistance Act; if (2) the PHA certifies that damage to the rental housing stock as a result of the disaster is so substantial that it has increased the prevailing rent levels in the affected area. Such exceptions must be requested in writing by the responsible PHAs. Once approved by HUD, they will remain in effect until superseded by the publication of the final FY 1998 FMRs.

VI. Other Matters

A Finding of No Significant Impact with respect to the environment as required by the National Environmental Policy Act (42 U.S.C. 4321-4374) is unnecessary, since the Section 8 Rental Certificate program is categorically excluded from the Department's National Environmental Policy Act procedures under 24 CFR 50.20(d).

The undersigned, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), hereby certifies that this Notice does not have a significant economic impact on a substantial number of small entities, because FMRs do not change the rent from that which would be charged if the unit were not in the Section 8 program.

The General Counsel, as the Designated Official under Executive Order No. 12606, The Family, has determined that this Notice will not have a significant impact on family formation, maintenance, or well-being. The Notice amends Fair Market Rent schedules for various Section 8 assisted housing programs, and does not affect the amount of rent a family receiving rental assistance pays, which is based on a percentage of the family's income.

The General Counsel, as the Designated Official under section 6(a) of Executive Order No. 12611, Federalism, has determined that this Notice will not involve the preemption of State law by Federal statute or regulation and does not have Federalism implications. The Fair Market Rent schedules do not have any substantial direct impact on States, on the relationship between the Federal government and the States, or on the distribution of power and responsibility among the various levels of government.

The Catalog of Federal Domestic Assistance program number is 14.156, Lower-Income Housing Assistance Program (section 8).

Accordingly, the Fair Market Rent Schedules, which will be codified in 24 CFR Part 888, are amended as follows:

Dated: August 30, 1995.

Henry G. Cisneros,
Secretary.

Fair Market Rents for the Section 8 Housing Assistance Payments Program

Schedules B and D—General Explanatory Notes

1. Geographic Coverage

a. The FMRs shown in Schedule B incorporate the Office of Management and Budget's (OMB) most current definitions of metropolitan areas (with the exceptions discussed in paragraph b). HUD uses the OMB Metropolitan Statistical Area (MSA) and Primary Metropolitan Statistical Area (PMSA) definitions for FMR areas because they closely correspond to housing market area definitions. FMRs are housing market-wide rent estimates that are intended to provide housing opportunities throughout the geographic area in which rental housing units are in direct competition.

b. The exceptions are counties deleted from metropolitan areas whose revised OMB definitions were determined by HUD to be larger than the housing market areas. The FMRs for the following counties (shown by the metropolitan area) are calculated separately and are shown in Schedule B within their respective States under the "Metropolitan FMR Areas" listing:

Metropolitan Area and Counties Deleted
Atlanta, GA—Carroll, Pickens, and Walton Counties
Chicago, IL—DeKalb, Grundy and Kendall Counties
Cincinnati-Hamilton, OH—KY—IN—Brown County, Ohio; Gallatin, Grant and Pendleton Counties in Kentucky; and Ohio County, Indiana
Dallas, TX—Henderson County
Flagstaff, AZ—UT—Kane County, UT
Lafayette, LA—St. Landry and Acadia Parishes

New Orleans, LA—St. James Parish
Washington, DC—MD—VA—WV—Berkeley and Jefferson Counties in West Virginia; and Clarke, Culpeper, King George and Warren counties in Virginia

c. FMRs also are established for nonmetropolitan counties and for county equivalents in the United States, for nonmetropolitan parts of counties in the New England states and for FMR areas in Puerto Rico, the Virgin Islands, and the Pacific Islands.

d. FMRs for the areas in Virginia shown in the table below were established by combining the Census data for the nonmetropolitan counties with the data for the independent cities that are located within the county borders. Because of space limitations, the FMR listing in Schedule B includes only the name of the nonmetropolitan county. The complete definitions of these areas including the independent cities are as follows:

VIRGINIA NONMETROPOLITAN COUNTY FMR AREA AND INDEPENDENT CITIES INCLUDED

County	Cities
Allegheny	Clifton Forge and Covington.
Augusta	Staunton and Waynesboro.
Carroll	Galax.
Frederick	Winchester.
Greensville	Emporia.
Henry	Martinsville.
Montgomery	Radford.
Rockbridge	Buena Vista and Lexington.
Rockingham	Harrisonburg.
Southampton	Franklin.
Wise	Norton.

e. FMRs for Section 8 manufactured home spaces are 30 percent of the two-bedroom Section 8 Rental Certificate program FMRs, with the exception of the areas listed in Schedule D whose manufactured home space FMRs have been revised on the basis of public comments. Once approved, the revised manufactured home space FMRs establish new base-year estimates that

are updated annually using the same data used to estimate the Rental Certificate program FMRs. The FMR area definitions used for manufactured home spaces are the same as for the Section 8 Certificate program.

2. Arrangement of FMR Areas and Identification of Constituent Parts

a. The FMR areas in Schedule B are listed alphabetically by metropolitan FMR area and by nonmetropolitan county within each State. The exception

FMRs for manufactured home spaces in Schedule D are listed alphabetically by State.

b. The constituent counties (and New England towns and cities) included in each metropolitan FMR area are listed immediately following the listings of the FMR dollar amounts. All constituent parts of a metropolitan FMR area that are in more than one State can be identified by consulting the listings for each applicable State.

c. Two nonmetropolitan counties are listed alphabetically on each line of the nonmetropolitan county listings.

d. The New England towns and cities included in a nonmetropolitan part of a county are listed immediately following the county name.

e. The FMRs are listed by dollar amount on the first line beginning with the FMR area name.
