The report is prescribed for every local exchange carrier that has obtained Section 214 authorization from the Commission to provide video dialtone trials or commercial services.

Affected carriers shall file by June 30, September 30, and December 31 of each year the report for the previous quarter. The initial report will be filed on the last day of the calendar quarter after the end of the calendar quarter in which a carrier received authorization. The report shall be filed on a study area basis.

FCC Report 43-09A provides a quarterly report of wholly dedicated and shared video dialtone investment, expense, and revenue captured in a carrier's subsidiary accounting records. The report line items generally follow those provided in existing FCC Report 43-01, ARMIS Quarterly Report, with minor exceptions. The report columns identify data for each line item by dedicated video dialtone costs and revenues, shared costs and revenues, and video dialtone's portion of shared costs and revenues.

Affected carriers shall file by March 31 of each year the report for the fourth

calendar quarter. The report shall be filed on a study area basis.

FCC Report 43-09B provides a fourth quarter report of video dialtone investment, expense, and revenue disaggregated by regulated and nonregulated classification and by jurisdictional categories.
