

describes the basis for the permit provisions.

An environmental assessment (EA) for this proposed action has been prepared. Based on the EA and the proposed permit conditions, and in accordance with the guidelines for determining the significance of federal actions (40 CFR 1508.27) and EPA criteria for initiating an environmental impact statement (EIS) (40 CFR 6.605), EPA has concluded that issuance of this general NPDES permit will not result in a significant effect on the human environment. This action will not significantly affect land use patterns or population, wetlands or floodplains, threatened or endangered species, farmlands, ecologically critical areas, historic resources, air quality, water quality, noise levels, fish and wildlife resources, nor will it conflict with approved local, regional, or state land use plans or policies. For the above reasons EPA has determined that an EIS will not be prepared.

The term of the proposed NPDES permit is two years only, during which time additional field data will be collected. Another EA will be prepared for the subsequent five-year permit based on analyses utilizing that additional field data.

A copy of the EA evaluating the potential impacts of the proposed action is available upon request by calling (206) 553-1214, or at the above address, and is incorporated into this FNSI by reference.

Comments supporting or disagreeing with this FNSI may be submitted to the following address for consideration: Rick Seaborne, U.S. Environmental Protection Agency, Region 10, 1200 Sixth Avenue, WD-126, Seattle, Washington 98101.

After evaluating the comments received, EPA will make a final decision. No administrative action will be taken on the proposed permit for at least 30 days after the release date (indicated above) of this FNSI. EPA will fully consider all comments received during this public notice period before taking final action.

Sincerely,

David Teeter,

Acting Director, Water Division.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Approved by Office of Management and Budget

September 29, 1995.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collection pursuant to the Paperwork Reduction Act of 1980, Pub. L. 96-511. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

Federal Communications Commission

OMB Control No.: 3060-0680.

Expiration Date: 12/31/96.

Title: ARMIS Video Dialtone Quarterly Report; ARMIS Video Dialtone Fourth Quarter Report.

Form Nos.: FCC Report 43-09A; FCC Report 43-09B.

Estimated Annual Burden: 4,620 total annual hours; average 462 hours per respondent; 10 respondents.

Description: FCC Report 43-09A provides a quarterly report of wholly dedicated and shared video dialtone investment, expense, and revenue captured in a carrier's subsidiary accounting records. FCC Report 43-09B provides a fourth quarter report of video dialtone investment, expense, and revenue disaggregated by regulated and nonregulated classification and by jurisdictional categories. The reports are prescribed for every local exchange carrier (LEC) that has obtained Section 214 authorization from the Commission to provide video dialtone trials or commercial services. The reports will enable the Commission, State regulatory agencies, local exchange carriers and other interested parties to analyze LECs' video dialtone investment, revenue, and costs.

Public Information Collection Approved by Office of Management and Budget

October 2, 1995.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collection pursuant to the Paperwork Reduction Act of 1980, Pub.

L. 96-511. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

Federal Communications Commission

OMB Control No.: 3060-0370.

Expiration Date: 09/30/98.

Title: Part 32 - Uniform System of Accounts for Telecommunications Companies.

Estimated Annual Burden: 3,031,868 total annual hours; average 12,685 hours per respondent; 239 respondents.

Description: The Uniform System of Accounts is a historical financial accounting system which reports the results of operational and financial events in a manner which enables both management and regulators to assess these results within a specified accounting period. Subject respondents are telecommunications companies. Entities having annual revenues from regulated telecommunications operations of less than \$100 million are designated as Class B companies and are subject to a less detailed accounting system than those designated as Class A companies.

OMB Control No.: 3060-0675.

Expiration Date: 09/30/98.

Title: Accounting and Reporting Requirements for Video Dialtone Service (RAO Letter 25).

Estimated Annual Burden: 8500 total annual hours; average 850 hours per respondent; 10 respondents.

Description: Carriers offering video dialtone are required to establish two sets of subsidiary accounting records: one to capture the investment, expense and revenue wholly dedicated to video dialtone; the other to capture the investment, expense and revenue shared between video dialtone and other services. RAO Letter applies to those carriers that have been authorized by the Commission to provide video dialtone service. RAO 25 provides guidance to carriers on establishing the subsidiary accounting records they use to track the investment, expense and revenue related to their provision of video dialtone service. RAO 25 is needed to ensure that the subsidiary records maintained by the carriers include all relevant data and to ensure that the data is auditable.

OMB Control No.: 3060-0676.

Expiration Date: 09/30/98.

Title: Policies and Rules Concerning Changing Long Distance Carrier (CC Docket No. 91-64), Section 64.1100.

Estimated Annual Burden: 92 total annual hours; average 1.22 hours per respondent; 75 respondents.

Description: Interexchange carriers (IXCs) that generate orders for long distance service are required to employ one of four alternative procedures to verify end users' orders before placing those orders with the local exchange carrier (LEC).
