

restricted obligation poundage multiplied by the applicable bonding rate. The cost of such bond or bonds shall be borne by the handler filing same.

(c) *Bonding rate.* Said bonding rate shall be an amount per pound as established by the Board. Such bonding rate shall be based on the estimated value of restricted credits for the current marketing year. Until bonding rates for a marketing year are fixed, the rates in effect for the preceding marketing year shall continue in effect. The Board should make any necessary adjustments once such new rates are fixed.

(d) *Restricted credit purchases.* Any sums collected through default of a handler on the handler's bond shall be used by the Board to purchase restricted credits from handlers, who have such restricted credits in excess of their needs, and are willing to part with them. The Board shall at all times purchase the lowest priced restricted credits offered, and the purchases shall be made from the various handlers as nearly as practicable in proportion to the quantity of their respective offerings of the restricted credits to be purchased.

(e) *Unexpended sums.* Any unexpended sums which have been collected by the Board through default of a handler on the handler's bond, remaining in the possession of the Board at the end of a marketing year, shall be used to reimburse the Board for its expenses, including administrative and other costs incurred in the collection of such sums, and in the purchase of restricted credits as provided in paragraph (d) of this section.

(f) *Transfer of restricted credit purchases.* Restricted credits purchased as provided for in this section shall be turned over to those handlers who have defaulted on their bonds for liquidation of their restricted obligation. The quantity delivered to each handler shall be that quantity represented by sums collected through default.

15. In § 982.57, paragraph (b) is revised to read as follows:

§ 982.57 Exemptions.

* * * * *

(b) *Sales by growers direct to consumers.* Any hazelnut grower may sell hazelnuts of such grower's own production free of the regulatory and assessment provisions of this part if such grower sells such hazelnuts in the area of production directly to end users at such grower's ranch or orchard or at roadside stands and farmers' markets. The Board, with the approval of the Secretary, may establish such rules,

regulations, and safeguards and require such reports, certifications, and other conditions, as are necessary to ensure that such hazelnuts are disposed of only as authorized. Mail order sales are not exempt sales under this part.

16. Section 982.58 is amended by revising the last sentence of paragraph (a) to read as follows:

§ 982.58 Research, promotion, and market development.

(a) * * * The expenses of such projects shall be paid from funds collected pursuant to § 982.61, § 982.63, or credited pursuant to paragraph (b) of this section.

17. Section 982.61 is amended by designating the current text as paragraph (a) and by adding a new paragraph (b) to read as follows:

§ 982.61 Assessments.

(a) * * *

(b) In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments on the current year's shipments, the Board may accept the payment of assessments in advance, and may also borrow money for such purpose. Further, payment discounts may be authorized by the Board upon the approval of the Secretary to handlers making such advance assessment payments.

18. A new § 982.63 is added to read as follows:

§ 982.63 Contributions.

The Board may accept voluntary contributions but these shall only be used to pay expenses incurred pursuant to § 982.58. Furthermore, such contributions shall be free from any encumbrances by the donor and the Board shall retain complete control of their use.

Airworthiness Directives; Pratt & Whitney JT3D Series Turbofan Engines

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes the adoption of a new airworthiness directive (AD) that is applicable to Pratt & Whitney (PW) JT3D series turbofan engines. This proposal would require inspection of steel high pressure compressor (HPC) disks for corrosion, recoating or replating those disks, or replacing those disks as necessary. This proposal is prompted by reports of a failure of a PW JT8D steel HPC disk, which is similar in design to the PW JT3D steel HPC disks. The actions specified by the proposed AD are
