

292, Report of Coupon Issuance and Commodity Distribution for Disaster Relief.

(g) *Replacement.* The distributing agency shall request, in writing to the FCSRO, the replacement of foods used for disaster assistance within 30 days following termination of the assistance. FCS will replace donated foods used from State and/or local inventories for disaster assistance in instances when a request for replacement is submitted within the required 30 days or sufficient justification exists to waive the 30-day requirement.

4. Section 250.44 is revised to read as follows:

§ 250.44 Food Assistance in Situations of Distress.

(a) *Organizational eligibility.* In situations of distress in which needs for food assistance cannot be met under other provisions of this Part, organizations (including agencies of State and Federal government) may be eligible to receive donated foods for congregate meal service or household distribution to victims of the situation of distress. Applications submitted for the receipt and distribution of donated foods in accordance with paragraphs (b)(2) and (c)(2) of this section shall be initially submitted in writing if circumstances permit and, if not, confirmed in writing in a timely manner. (b) *Congregate meal service.* (1) *Approval authority and duration.* Distributing agencies may review and approve applications for the donation of foods for use in preparing congregate meals for a period not to exceed 30 days for victims of situations of distress in instances in which the need for such assistance meets the conditions of paragraph (a) of the definition of *Situation of Distress* in Section 250.3. Following approval of a request, distributing agencies shall report the information listed in paragraph (b)(2) of this section to the appropriate FCSRO within 24 hours. In instances when the distributing agency extends the distribution period initially approved up to the 30-day limit, it shall notify the FCSRO of such extensions. Distributing agencies shall request approval from FCS, via the appropriate FCSRO, for donations to exceed 30 days. Applications for the donation of foods for congregate meals in instances other than those that meet the criteria in paragraph (a) of the definition of *Situation of Distress* in Section 250.3

shall be forwarded by the distributing agency to the appropriate FCSRO for submission to FCS for approval. FCS will determine the duration of such donations, taking into consideration the magnitude of the situation. Determinations as to the length of donations may be revised as developing circumstances dictate.

(2) *Applications.* (i) Organizations shall submit applications for the receipt and distribution of donated foods for use in providing congregate meal service to the distributing agency. Applications shall, to the extent possible, include the following information:

(3) *Collection of household information.* In a format prescribed by the distributing agency, any entity (i.e. Federal, State, or local) distributing donated foods to households in an area where the Food Stamp Program is in operation shall, at a minimum, collect the information listed below. Such information shall be forwarded to the distributing agency and maintained by the distributing agency in accordance with the recordkeeping requirements contained in this Part, *except* that such information may, at the discretion of the distributing agency, be maintained by the organization distributing commodities if such organization is an agency of the State government.

(i) Name of household member

applying for assistance;

(ii) Address;

(iii) Number of household members; and

(iv) Statement signed by the household certifying that the household:

The Proposal

The FAA is considering amending part 71 of the Federal Aviation Regulations (14 CFR part 71) by establishing Class E2 airspace, designated as a surface area for an airport, at Lewisburg, WV, to accommodate current SIAPs and for IFR operations at the Greenbrier Valley Airport.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Class E2 airspace areas designated as a surface area for an airport are published in Paragraph 6002 of FAA Order 7400.9C, dated August 17, 1995 and effective September 16, 1995. The Class E airspace designation listed in this document would be published subsequently in the Order. It therefore—

(1) is not a "significant regulatory action" under Executive Order 12866;

(2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
