

by the Pima County Board of Supervisors included both raising permit thresholds and lowering fee schedules to make them identical in structure to the state program. Due to these changes, there will be a severe decline in permit revenue in FY-96.

The PDEQ's MOE reduction resulted from a loss of fee revenues due to circumstances beyond its control. EPA proposes to determine that the PDEQ's lower FY-96 MOE level meets the section 105(c)(2) criteria as resulting from a non-selective reduction of expenditures. Pursuant to 40 CFR section 35.210, this determination will allow the PDEQ to be awarded \$ 105 grant funds for FY-96.

This notice constitutes a request for public comment and an opportunity for public hearing as required by the Clean Air Act. All written comments received by March 18, 1996 on this proposal will be considered. EPA will conduct a public hearing on this proposal only if a written request for such is received by EPA at the address above by March 18, 1996.

If no written request for a hearing is received, EPA will proceed to a final determination. While notice of the final determination will not be published in the Federal Register, a copy of the determination can be obtained by sending a written request to Douglas McDaniel at the above address.
