

DATES: Applications must be received by the appropriate HUD Office of Native American Programs (ONAP) by no later than 3:00 p.m. local time (i.e., the time in the office to which the application is submitted) on April 26, 1996.

2. On page 8825, in column 2, section II.D., under the heading "Submitting Applications", is amended to read as follows:

II. Application Process

* * * * *

D. Submitting Applications

The ONAP serving the area in which the applicant's project is located must receive an original application and one copy no later than 3:00 p.m. local time (i.e., the time in the office to which the application is submitted) on the deadline date of April 26, 1996.

Applications transmitted by FAX will not be accepted. A determination that an application was received on time will be made solely on receipt of the original application at the appropriate Office of Native American Programs serving the applicant's project.

The deadline is firm as to date and hour. In the interest of fairness to all competing applicants, HUD will treat any application that is received after the deadline as ineligible for consideration. Applicants should take this practice into account and make early submission of their materials to avoid any risk of ineligibility brought about by unanticipated delays or other delivery-related problems.

BILLING CODE 4210-33-P

DEPARTMENT OF THE INTERIOR

Geological Survey

Technology Transfer Act of 1986

AGENCY: Geological Survey, Interior.

ACTION: Notice of proposed cooperative research and development agreement (CRADA) negotiations.

SUMMARY: The United States Geological Survey (USGS) is entering into a Cooperative Research and Development Agreement (CRADA) with Advanced Resource International (ARI) of Arlington, VA. The purpose of the CRADA is to compare and evaluate Nationwide natural gas resource assessments and to identify frontier gas

resources for short and medium-term needs. Joint studies will be undertaken to identify Lower-48 states gas supplies that will fulfill future gas demand projections; identify technical obstacles which impede development of these gas supplies; and develop efficient and cost effective exploitation technologies through the implementation and facilitation of pertinent research and development. Any other organizations interested in pursuing the possibility of a CRADA for similar kinds of activities should contact the USGS.

ADDRESSES: Inquiries may be addressed to Dr. Thaddeus S. Dyman, Energy Program—Hydrocarbon Section, U.S. Geological Survey, P.O. Box 25046, MS 940, Denver, CO 80225, Telephone 303-236-5730, FAX 303-236-8822, E-mail dyman@usgs.gov.

SUPPLEMENTARY INFORMATION: This notice is to meet the USGS requirement stipulated in the Survey Manual.

Dated: March 5, 1996.

P. Patrick Leahy, Chief,
Geologic Division.

BILLING CODE 4310-31-M

Bureau of Land Management

[OR-056-1220-04; GP6-0086]

Supplement to the Final Lower Deschutes River Management Plan/ Environmental Impact Statement; Prineville District, Deschutes Resource Area

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice is hereby given that the comment period is open for the Supplement to the Final Lower Deschutes River Management Plan/ Environmental Impact Statement. Comments must be submitted by May 13, 1996.

Public workshops have been scheduled to promote a dialogue among river users, interested individuals and agency personnel on the permitting issue. They are set for: Warm Springs on March 19, Maupin on March 20, and Portland on March 21, 1996.

Formal hearings to take testimony have been set for Madras on April 16, The Dalles on April 17, and Portland on April 18.

In 1988, the Lower Deschutes River was designated a federal Wild and Scenic River. The Lower Deschutes River Management Plan, a joint effort completed in 1993, made the decision to limit boater numbers. The plan used the 161,200 boater days during the primary

boating season in 1990 as the base year for a cap on seasonal use for each segment of the river between Pelton Dam and the Columbia River. The plan also set daily use targets intended to reduce peak weekend use to below the 1990 levels.

Three alternative approaches to limit and direct boating use are being considered by a joint agency management team for the Lower Deschutes River between Pelton Dam and the Columbia River. The joint management team represents the Bureau of Land Management, Oregon Parks and Recreation Department, Oregon Marine Board, Oregon Department of Fish and Wildlife, Oregon State Police, the Confederated Tribes of the Warm Springs and the Bureau of Indian Affairs.

If you would like to know more about the public workshops or formal hearings, or if you would like a copy of the report, contact Oregon Parks and Recreation Department, 1115 Commercial St. NE, Salem, OR 97310-1001 (phone: (504) 378-6378, ext. 293). The public is invited to submit written comments on the preferred and other alternatives as well as the analysis of impacts contained in the document. For further information contact: Tom Mottl (telephone: (541) 416-6432).

Dated: March 1, 1996.

James L. Hancock,
District Manager.
