Defense Science Board Task Force on Image-Based Automatic Target Recognition; Notice of Advisory Committee Meetings

SUMMARY: The Defense Science Board Task Force on Image-Based Automatic Target Recognition will meet in closed session on July 10-12, 1996 at Science Applications International Corporation, McLean, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will assess the ability of automatic/aided target recognition technology and systems to support important military missions, principally in the near- and mid-term. The Task Force should concentrate on those technologies and systems that use imagery (EO, IR or radar) as their primary input medium.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Public Law 92-463, as amended (5 U.S.C. App. II (1996)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) (1996), and that accordingly this meeting will be closed to the public.

Dated: May 23, 1996.

Patricia L. Toppings,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

Record of Decision (ROD) for the Disposal and Reuse of Gentile Air Force Station (AFS), Ohio

On April 12, 1995, the Air Force signed the ROD for the Disposal of Gentile AFS. The decisions included in this ROD have been made in consideration of, but not limited to, the information contained in the Final Environmental Impact Statement (FEIS) filed with the Environmental Protection Agency on January 19, 1996.

Gentile AFS will close on December 31, 1996, pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act (BCRA), Public Law 100-526, and recommendations of the Defense Secretary's Commission on Base Realignment and Closure. This ROD

documents the Gentile AFS disposal decisions.

The decision conveyed by the ROD is to dispose of Gentile AFS in a manner that enables development of light manufacturing, a business complex and recreational facilities. This allows for the central theme of the proposed future land use plans discussed in the FEIS to be fully implemented. The environmental findings and mitigation measures contained in the initial ROD remain fully applicable.

Consistent with the community reuse plan, the ROD balances business and industrial with a recreational park.

One disposal method, an Economic Development Conveyance (EDC) to the City of Kettering, the Local Redevelopment Authority (LRA), includes all parcels involved in the ROD. The installation, consisting of a total of 164 acres, which includes the 16-acre parcel for Defense Finance and Accounting Services (DFAS) and all Government-owned utilities and roadways, will be conveyed to the LRA according to a mutually agreeable schedule being developed based on environmental condition and remediation, community reuse plans and base closure. In addition, new legislation was incorporated into the ROD to lease-back the parcel for DFAS for a long-term lease at no cost to the Government.

The implementation of the closure and reuse action and associated mitigation measures will proceed with minimal adverse impact to the environment. This action conforms with applicable Federal, State and local statutes and regulations and all reasonable and practical efforts have been incorporated to minimize harm to the local public and environment.

Any questions regarding this matter should be directed to Ms. Teresa R. Pohlman, Program Manager, Division D. Correspondence should be sent to: AFBCA/DD, 1700 North Moore Street, Suite 2300, Arlington, VA 22209-2809. Patsy J. Conner,

Air Force Federal Register Liaison Officer.

Notice of Intent To Prepare a Legislative Environmental Impact Statement for Nellis Air Force Range (NAFR) Renewal, Nevada

The United States Air Force (Air Force) will prepare a legislative environmental impact statement (LEIS) to assess the potential environmental impacts of renewal of the Nellis Air Force Range (NAFR), Nevada. The LEIS

will be prepared in accordance with the National Environmental Policy Act (NEPA).

The current land withdrawal and reservation of the NAFR was established by the Military Lands Withdrawal Act of 1986 (Pub. L. 99-606) for the period ending on November 6, 2001. The Act provides that the Air Force may seek renewal of the NAFR withdrawal, in connection with which the Secretary of the Air Force will publish a legislative EIS addressing legislative alternatives and the effects of continued withdrawal.

The purpose of the proposed NAFR renewal is to retain a military training and testing range essential to near- and long-term preparedness of United States air forces. Renewing the land withdrawal will provide for the continued effective implementation of ongoing training and testing missions while maintaining the flexibility to adapt to the training needs of new technologies as they develop. The performance of air operations in combat is directly related to the quality and depth of training. NAFR provides a combination of attributes that serve this training requirement, including the following: favorable location and flying weather; sufficient land and airspace; diverse terrain; and developed training support facilities.

A range of alternatives, including the No Action alternative required by NEPA, will be considered. Three alternatives are described below.

- **Proposed Action:** Renew Nellis Air Force Range withdrawal and reservation for an indefinite period of time with Congressional review every 15 years. The existing land withdrawal and reservation, consisting of approximately 3.0 million acres, would be reauthorized for an indefinite period of time. The land would be reserved by Congress for use by the Air Force for an armament and high-hazard test area; training for aerial gunnery, rocketry, electronic warfare, and tactical maneuvering and air support; and other defense-related purposes. Every 15 years Congress would review the Air Force's continuing military need for the land, the environmental effects, and the needs of competing uses for the land and could adjust, if warranted, the terms and conditions of the withdrawal. Without limiting the priority use by the Air Force, the land would be managed in part by the Bureau of Land Management and in part by the U.S. Fish and Wildlife Service. Specifically, the Bureau of Land Management would manage approximately 2.2 million acres of the NAFR pursuant to the Federal Land Policy and Management Act of 1976 and other applicable laws. The

remaining 826,000 acres of the NAFR are within the Desert National Wildlife Refuge and would be managed by the Fish and Wildlife Service pursuant to the National Wildlife Refuge System Act of 1976.

- **Alternative A:** Renew the existing NAFR land withdrawal and reservation for 25 years. The existing land withdrawal and reservation, consisting of approximately 3.0 million acres, would be reauthorized for a specified term of 25 years, rather than for an indefinite time with periodic reviews. Otherwise, this alternative is like the Proposed Action.

- **No Action Alternative:** No renewal of the NAFR land withdrawal and reservation. The land would not be reserved for use by the Air Force. The lands within the existing NAFR boundary would be managed by the Bureau of Land Management and the Fish and Wildlife Service under existing authorities. The No Action alternative would result in the fragmentation or cancellation of training missions accomplished at the NAFR. DOD would prepare appropriate environmental documentation to obtain Federal Aviation Administration approval to reclassify the existing restricted airspace to a Military Operation Area (MOA). This would allow for air-to-air training operations to continue, but would preclude air-to-ground training missions.

To provide a forum for interested parties to provide comments on the scope of the LEIS, a series of scoping meetings will be held in six Nevada communities. In addition, written comments will be accepted throughout the scoping period. Written comments should be forwarded to the address below by August 5, 1996. Scoping meetings will be held at the following times and locations.

1. Indian Springs, NV, June 17, 1996, 6:00 PM to 9:00 PM.

2. Caliente, NV, June 18, 1996, 6:00 PM to 9:00 PM.

3. Las Vegas, NV, June 20, 1996, 6:00 PM to 9:00 PM.

4. Beatty, NV, June 24, 1996, 6:00 PM to 9:00 PM.

5. Tonopah, NV, June 25, 1996, 6:00 PM to 9:00 PM.

6. Reno, NV, June 26, 1996, 6:00 PM to 9:00 PM.

Please direct written comments concerning the NAFR Renewal LEIS to: Colonel Michael F. Fuquy, Nellis Air Force Base, P.O. Box 9919, Las Vegas, NV 89191-0919.

If you have any questions or require additional information, please contact Major Jeff Shea at (702) 652-4354.
