Special Local Regulations: Fort Myers Beach Offshore Grand Prix; Fort Myers Beach, FL

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing permanent special local regulations for the Fort Myers Offshore Grand Prix. This event will be held annually during the first Saturday and Sunday of June, between 12 p.m. and 3 p.m. (Eastern Daylight Time). Historically, there have been approximately 170 participant and spectator craft. The resulting congestion

of navigable channels creates an extra or unusual hazard in the navigable waters. These regulations are necessary to provide for the safety of life on navigable waters during the event.

EFFECTIVE DATE: July 5, 1996.

LTJG T. Stuhldreier, project officer, Coast Guard Group St. Petersburg, FL at (813) 824-7533.

SUPPLEMENTARY INFORMATION:

Regulatory History

On March 20, 1996, the Coast Guard published a notice of proposed rulemaking entitled [CGD07-96-005] in the Federal Register (61 FR 11354). The Coast Guard received no written or oral comments during the proposed rulemaking comment period. A public hearing was not requested and one was not held.

Discussion of Regulations

These regulations are needed to provide for the safety of life during the Fort Myers Beach Offshore Grand Prix. These regulations are intended to promote safe navigation on the waters off Fort Myers Beach during the races by controlling the traffic entering, exiting, and traveling within these waters. The anticipated concentration of spectator and participant vessels associated with the Grand Prix poses a safety concern, which is addressed in these special local regulations. These regulations will not permit anchoring shoreward of the shoreside legs of the racecourse, from 11 a.m. to 3 p.m., on the first Saturday and Sunday of June. Spectator craft will be permitted near the race area but will be required to stay clear of the race lanes. These regulations will permit anchoring for spectators seaward of the seaside legs of the racecourse, but only in the designated spectator area defined in paragraph (b) of the regulations. All vessel traffic, not involved with the Fort Myers Beach Offshore Grand Prix, exiting Matanzas Pass between 11 a.m. and 3 p.m. will exit the marked channel at Matanzas Pass Channel daybeacon #3 (26°25.9' N, 82°58.2' W, LLNR 16365) and #4 (26°26.1' N, 82°57.8' W, LLNR 16370), and will proceed in a southwesterly direction seaward of the designated spectator area defined in paragraph (b) of these regulations, taking action to avoid a close-quarters situation until the vessel finally is past and clear of the racecourse. All coordinates referenced use datum: NAD 83. All vessel traffic, not involved with the Fort Myers Beach Offshore Grand Prix, exiting Big Carlos Pass between 11 a.m. and 3 p.m. will proceed in a southwesterly direction seaward of the

designated spectator area defined in paragraph (b) of these regulations, taking action to avoid a close-quarters situation until finally past and clear of the racecourse.

Regulatory Evaluation

This rule is not a significant regulatory action under Section 3(f) of the Executive Order 12866 and does not require an assessment of the potential costs and benefits under Section 6(a)(3) of that Order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. These regulations will last for only 4 hours each day of the event.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this action will have a significant economic impact on a substantial number of small entities. "Small entities" include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as "small business concerns" under Section 3 of the Small Business Act (15 U.S.C. 632).

For reasons set forth in the above Regulatory Evaluation, the Coast Guard certifies that this action will not have a significant economic impact on a substantial number of small entities.

Collection of Information

These regulations contain no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the rulemaking does not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this action and has concluded that preparation of an Environmental Impact Statement is not necessary. An Environmental Assessment and Finding of No Significant Impact are available in the docket for inspection or copying. The

Coast Guard has concluded that this action will not significantly affect the quality of the human environment.

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing permanent special local regulations for the Augusta Southern National Drag Boat Races. As a permanent event, except this year, the Augusta Southern National Drag Boat Races will be held annually on Thursday, Friday, Saturday and Sunday during the third week of July, between 6 a.m. and 8 p.m. edt (Eastern Daylight Time). However, due to the 1996 Summer Olympic Games, this year's Augusta Southern National Drag Boat Races will be held on July 18-21, 1996 between 6 a.m. and 8 p.m. edt. Historically, there have been

approximately 160, 16-18 foot drag boats racing two vessels per heat on a quarter mile long course on that portion of the Savannah River at Augusta, GA, between U.S. Highway 1 (Fifth St) Bridge at mile marker 199.45 and Eliot's Fish Camp at mile marker 197. The boats will be competing at high speeds and at close range. The nature of the event and the closure of the Savannah River create an extra or unusual hazard on the navigable waters. These regulations are necessary to provide for the safety of life on navigable waters during the event.

EFFECTIVE DATE: July 5, 1996.
