

performance history of vehicles belonging to the class. Dealerships, fleets, or individual owners of motor vehicles or engines may be asked to provide information on the vehicles or engines at issue. The information is obtained through a questionnaire administered by telephone interviews with individual vehicle owners, and by telephone or in-person interviews with dealerships or fleets.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Ch. 15. The Federal Register Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 3/4/96 (61 FR 8273); no comments were received.

Burden Statement: EPA may perform two surveys annually, one of manufacturers of on-highway light-duty motor vehicles or light-duty trucks, and the other of heavy-duty engines or large nonroad compression ignition engines, which will require either telephone or in-person interviews with one hundred (100) individual vehicle owners or dealerships or fleets per survey. A burden estimate of twenty (20) minutes per individual vehicle owner is based on agency experience with similar questions asked of individuals as part of the in-use recall testing program. A burden estimate of thirty (30) minutes per dealership or fleet is based on contact with dealerships and fleets made as part of the in-use recall testing program. The burden estimate is calculated from an average of the two different burdens assuming that one-half of the respondents are individual vehicle owners and the other half are dealerships or fleets. Therefore, the total respondent burden will be 2,500 minutes for each survey. Individuals, dealerships, or fleets will be asked to respond to only one survey in any given year. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjusting the existing ways to comply with any previously applicable instructions and requirements; training personnel to be able to respond to a collection of information; searching data sources;

completing and reviewing the collection of information; and transmitting or otherwise disclosing the information.

Respondents/Affected Entities:

Owners, dealerships, fleets.

Estimated Number of Respondents: 200.

Frequency of Response: 1/yr.

Estimated Total Annual Hour Burden: 166.6 hours.

Estimated Total Annualized Cost Burden: \$0.

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Emission Defect Information and Voluntary Emissions Recall Reports

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3507(a)(1)(D)), this notice announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Emission Recall Audit Programs Owner Questionnaire (OMB Control No. 2060-0046, approved through 5/31/96). The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before July 5, 1996.

FOR FURTHER INFORMATION OR A COPY CALL: Sandy Farmer at EPA, (202) 260-2740, and refer to EPA ICR No. 2060-0046.

SUPPLEMENTARY INFORMATION:

Title: Emission Recall Audit Program Owner Questionnaire (OMB Control No. 2060-0046; EPA ICR No. 180.05) expiring 5/31/96. This ICR is requesting an extension of a currently approved collection activity.

Abstract: The Vehicle Compliance Programs Group (VCPG), Vehicle Programs and Compliance Division (VPCD), Office of Mobile Sources (OMS), Office of Air and Radiation (OAR), uses this information collection to enforce the Recall and Defect Reporting Regulations of 40 CFR part 85, subparts S and T. Individual owners of on-highway light-duty motor vehicles and light-duty trucks may be asked to provide information on vehicles that have been recalled. The Vehicles Compliance Programs Group (VCPG) uses such information to evaluate the effectiveness of various aspects of a recall campaign, to determine whether manufacturers are in compliance with recall procedural regulations, and to determine the cause of ineffective recall campaigns. The information is obtained from individuals through a questionnaire administered by telephone interviews or in written format.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Ch. 15. The Federal Register Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 3/4/96 (61 FR 8273); no comments were received.

EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of the appropriate automated

electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average .25 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjusting the existing ways to comply with any previously applicable instructions and requirements; training personnel to be able to respond to a collection of information; searching data sources; completing and reviewing the collection of information; and transmitting or otherwise disclosing the information.

Respondents/Affected Entities: 300.

Estimated Number of Respondents: 300;

Frequency of Response: Once per respondent per year.

Estimated Total Annual Hour Burden: 75 Hours.

Estimate Total Annualized Cost Burden: \$900.00.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 180.05 and OMB Control No. 2060-0046 in any correspondence.

Environmental Radiation Ambient Monitoring System (ERAMS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 et seq.), this notice announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Environmental Radiation Ambient Monitoring System (ERAMS); OMB Control Number 2060-0015; expires July 31, 1996. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before July 5, 1996.

FOR FURTHER INFORMATION OR A COPY

CALL: Sandy Farmer at EPA, (202) 260-2740, and refer to EPA ICR No. 877.05.

SUPPLEMENTARY INFORMATION:

Environmental Radiation Ambient Monitoring System (OMB Control No. 2060-0015; EP ICR No. 877.05) expiring July 31, 1996. This is a request for extension of a currently approved collection.

Abstract: The Environmental Radiation Ambient Monitoring System (ERAMS) is a national network of stations collecting sampling media that include air, precipitation, drinking water, surface water, and milk. Samples are sent to EPA's National Air and Radiation Environmental Laboratory (NAREL) in Montgomery, AL, where they are analyzed for radioactivity. ERAMS provides emergency response and ambient monitoring information regarding levels of environmental radiation across the nation. All stations, usually manned by state and local personnel, participate in ERAMS voluntarily. Station operators complete information forms that accompany the samples. The forms request descriptive information related to sample collection, e.g., sample type, sample location, length of sampling period, and volume represented.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 0.37 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions;

develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verify information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Sample collectors, who are usually employed by state or, in a few cases, local government.

Estimated Number of Respondents: 313.

Frequency of Response: From twice weekly to four times annually, depending upon type of media being sampled.

Estimated Total Annual Hour Burden: 9201.8 hours.

Estimated Total Annualized Cost Burden: \$0.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to the EPA ICR No. 877.05 and OMB Control No. 2060-0015 in any correspondence.
