Modifications of Bad Debts and Dealer Assignments of Notional Principal Contracts

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice of proposed rulemaking by cross-reference to temporary regulations.

SUMMARY: In the Rules and Regulations section of this issue of the Federal Register, the IRS is issuing temporary regulations relating to the allowance of a deduction for a partially worthless debt when the terms of a debt instrument have been modified. The temporary regulations provide relief to certain taxpayers that are required to recognize gain as the result of modifying a debt instrument, when a portion of the gain is in part caused by a reduction of the debt's basis attributable to a bad debt deduction claimed in a prior taxable year. The temporary regulations provide guidance to taxpayers that modify the terms of a debt instrument after deducting an amount for partial worthlessness.

In the Rules and Regulations section of this issue of the Federal Register, the IRS is also issuing temporary regulations relating to certain assignments of notional principal contracts by dealers in those contracts.

The temporary regulations provide guidance to taxpayers relating to consequences of these assignments.

The text of those temporary regulations also serves as the text of these proposed regulations.

DATES: Written comments and requests for a public hearing must be received by September 23, 1996.

ADDRESSES: Send submissions to: CC:DOM:CORP:R (FI-59-94), room 5228, Internal Revenue Service, POB 7604, Ben Franklin Station, Washington, DC 20044. In the alternative, submissions may be hand delivered between the hours of 8 a.m. and 5 p.m. to: CC:DOM:CORP:R (FI-59-94), Courier's Desk, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C.

FOR FURTHER INFORMATION CONTACT: Craig R. Wojay, Office of Assistant Chief Counsel, Financial Institutions and Products, (202) 622-3920 (not a toll-free number) concerning the modifications of bad debts, and Thomas J. SUPPLEMENTARY INFORMATION:

Background

Temporary regulations in the Rules and Regulations section of this issue of the Federal Register amend the Income Tax Regulations (26 CFR part 1) relating to section 166. The temporary regulations contain rules relating to the requirement that a debt be charged off before a deduction on account of partial worthlessness is allowed. The rules apply to certain taxpayers who are required to recognize gain as the result of a significant modification of a debt instrument.

Temporary regulations in the Rules and Regulations section of this issue of the Federal Register amend the Income Tax Regulations (26 CFR part 1) relating to section 1001. The temporary regulations contain rules relating to certain assignments of notional principal contracts by dealers in those contracts.

The text of those temporary regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the temporary regulations.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in EO 12866. Therefore, a regulatory assessment is not required. It also has

Pursuant to section 7805(f) of the Internal Revenue Code, this notice of proposed rulemaking will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Comments and Requests for a Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any written comments (a signed original and eight (8) copies) that are submitted timely to the IRS. All comments will be available for public inspection and copying. A public hearing may be scheduled if requested in writing by any person that timely submits written comments. If a public hearing is scheduled, notice of the date, time, and place for the hearing will be published in the Federal Register.

National Volatile Organic Compounds Emission Standards for Architectural Coatings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule and notice of public hearing.

SUMMARY: The proposed standards would reduce emissions of volatile organic compounds (VOC) from architectural coatings. The proposed standards implement Section 183(e) of the Clean Air Act (CAA), as amended in 1990, which requires the Administrator to control VOC emissions from certain categories of consumer and commercial products.

Exposure to ozone is associated with a wide variety of human health effects, agricultural crop loss, and damage to forests and ecosystems. As required by Section 183(e), the Administrator conducted a study to determine the potential of VOC emissions from consumer and commercial products to contribute to ozone levels that violate the National Ambient Air Quality Standards (NAAQS) for ozone and established a list of product categories to be regulated. Based on the criteria described in the study and accompanying report, the EPA determined that VOC emissions from architectural coatings should be reduced. Therefore, the EPA is proposing standards to reduce ozone-causing VOC emissions from these coatings. The proposed standards would reduce annual emissions of VOC by 106,000 tons representing a 20 percent reduction from 1990 levels.

The proposed rule is centered around requiring VOC content levels for 55 individual architectural coating

categories. When promulgated these requirements on manufacturers and importers of architectural coatings are anticipated to take effect on April 1, 1997. This rulemaking is on an expedited schedule, with a relatively short public comment period.

Following proposal of this rule, the EPA plans to participate in a joint study with the architectural coatings industry. This study will focus on the feasibility of adopting more stringent VOC requirements in the future.

DATES: Comments. Comments pertaining to the proposed rule must be received on or before August 30, 1996.

Public Hearing. A public hearing will be held, if requested, to provide interested persons an opportunity for oral presentation of data, views, or arguments concerning the proposed standards for architectural coatings. If anyone contacts the EPA requesting to speak at a public hearing concerning this proposed rule by July 18, 1996, a public hearing will be held on July 30, 1996, beginning at 10:00 a.m. Persons interested in attending the hearing should notify Ms. Kim Teal, (919) 541-5580 by July 18, 1996, to verify that a hearing will occur and for notification of the location of the hearing. The record for the public hearing will remain open for 30 days after completion of the hearing to provide an opportunity for the submission of rebuttal and supplementary information.

Persons wishing to present oral testimony concerning this proposed rule must contact Ms. Kim Teal at the EPA by July 18, 1996. Ms. Teal may be contacted at the following address: Coatings and Consumer Products Group (MD-13), U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711, telephone number (919) 541-5580, FAX number (919) 541-5689.
