

National Park Service**60-Day Notice of Request for Extension of a Currently Approved Information Collection**

AGENCY: National Park Service, The Department of Interior.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the National Park Service's (NPS) intention to request an extension for a currently approved information collection used in the Historic Preservation Tax Incentives Program administered by the NPS.

DATES: Comments on this notice must be received by November 29, 1996 to be assured of consideration.

ADDITIONAL INFORMATION OR COMMENTS: Contact Terry Tesar, Information Collection Clearance Officer, Audit and Accountability Team Office, National Park Service, P.O. Box 37127, Washington, D.C. 20013.

SUPPLEMENTARY INFORMATION:

Title: Historic Preservation Certification Application.

OMB Number: 1024-0009.

Expiration Date of Approval: December 31, 1996.

Type of Request: Extension of a currently approved information collection.

Abstract: Section 47 of the Internal Revenue Code requires that the Secretary of the Interior certify to the Secretary of the Treasury upon application by owners of historic properties for Federal tax benefits, (a) the historic character of the property, and (b) that the rehabilitation work is consistent with that historic character. The National Park Service administers the program in partnership with the Internal Revenue Service. The Historic Preservation Certification Application is used by the National Park Service to evaluate the condition and historic significance of buildings undergoing rehabilitation for continued use, and to evaluate whether the rehabilitation work meets the Secretary of the Interior's Standards for Rehabilitation.

Respondents: Individuals or households, businesses or other for-profit entities.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 7,500 hours.

Copies of this information collection can be obtained from Terry Tesar, the Agency Information Collection Clearance Officer, at (202) 523-5092.

Send comments regarding the accuracy of the burden estimate ways to minimize the burden, or any other aspect of this information collection, to:

Charles E. Fisher, III, Acting Chief, Technical Preservation Services Branch, Heritage Preservation Services Program, National Park Service, P.O. Box 37127, Washington, D.C. 20013-7127.

All response to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: September 25, 1996.

Terry N. Tesar,

Information Collection Clearance Officer.

A limited number of copies of the statement are available on request from: Bill Pierce, Superintendent, Katmai National Park and Preserve, 4230 University Drive, Suite 311, Anchorage, Alaska 99613, phone (907) 271-3751 or Alaska System Support Office, National Park Service, 2525 Gambell Street, Room 404, Anchorage, Alaska 99503-2892, phone (907) 257-2647.

SUPPLEMENTARY INFORMATION: The development concept plan proposes to reorient management, use and development of the Brooks River Area in Katmai National Park and Preserve to more adequately preserve and interpret the area's critical brown bear habitat and globally significant brown bear viewing opportunities, nationally significant cultural resources and scenic values, and world-class sport fishing opportunities. Major features of the proposal (alternative 5) include removal of all NPS and concessions' facilities north of the river and relocating them about 3/4 mile south of the river, away from the prime resource area. The immediate area of Brooks River would become a day use area only; overnight facilities would be above the Beaver Pond Terrace and along the Valley Road. By removing facilities north of the river, the local bear population would experience less disturbance from humans, and incremental impacts on cultural resources would cease. All new structures would be sited to avoid impacts on cultural resources at the Beaver Pond Terrace site. The river would be managed for quality bear viewing, wildlife photography, and sportfishing. Improvements would be made to support these activities, including a lodge and campground. A management support facility would be built along the Valley Road near the new public facilities to provide employee housing that includes bathrooms and cooking facilities for NPS and concession staff and an expanded maintenance area. All facilities would be designed and built to minimize costs as reasonable. Day-use limits would be established at levels somewhat higher than the July 1992 average to allow more people to access the area. Access to the area would be by float plane and boat, and would be east of the Beaver Pond away from critical bear habitat. Partnerships would be emphasized to implement DCP recommendations. Efforts would be made to plan for dispersed visitor use throughout the park.

Alternatives to the proposal include the no-action alternative, alternative 1 (minimum requirements), alternative 2 (the former NPS Proposal in the Draft DCP/EIS for the Beaver Pond Terrace), alternative 3 (Iliuk Moraine Terrace), and alternative 4 (day use only). The no action alternative would continue the status quo visitation and management of the Brooks River Area. Alternative 1 would retain the present Brooks Camp facilities while upgrading existing resource protection programs, add four significant structures north of Brooks
