RIN 9000-AG89

**Federal Acquisition Regulation;
Contingent Fees**

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Withdrawal of proposed rule.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) have decided to withdraw FAR case 93-019, Contingent Fees, published in the Federal Register at 60 FR 54920, October 26, 1995. The rule proposed revisions to selling costs to clarify that the costs of contingent fees are allowable only when stated as a sum certain or not-to-exceed amount agreed upon between the company and its agent (i.e., employee or commercial/selling agency) in advance of the services being rendered.

As a result of the public comments received in response to the proposed rule, the Councils have determined that the current cost principles, especially FAR 31.201-3, Determining reasonableness, and 31.205-38, Selling costs, are adequate to properly assess the allowability of these costs. Therefore, the proposed rule is withdrawn.

**Federal Acquisition Regulation;
Business Meals**

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Withdrawal of proposed rule.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) have decided to withdraw FAR Case 93-026, Business Meals, published in the Federal Register at 60 FR 43508, August 21, 1995. The rule proposed revisions to FAR 31.205-43, Trade, business, technical and professional activity costs, and 31.205-46, Travel costs to clarify when the costs of meals for contractor employees are allowable.

The Office of Federal Procurement Policy SWAT Team on Civilian Agency Contracting in its report of December 3, 1992, entitled "Improving Contracting Practices and Management Controls on Cost-Type Federal Contracts," recommended several FAR changes, including revisions to the FAR cost principles to make them less general with regard to the allowability of costs.

One area identified for clarification was the costs of business meals of contractor employees who are not on official travel. A proposed rule was published relating to making the costs of meals for contractor employees unallowable unless the employee is on official company travel or the meals are an integral part of a bona fide business meeting.

As a result of our analysis of public comments received in response to the proposed rule, we have determined that the current cost principles, especially FAR 31.205-3, Determining reasonableness, and 31.205-43, Trade, business, technical and professional activity costs, are adequate to properly assess the allowability of these costs. Therefore, the proposed rule is withdrawn.
