Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act,

including whether the acquisition of the nonbanking company can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices" (12 U.S.C. 1843). Any request for a hearing must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than January 3, 1997.

GENERAL SERVICES ADMINISTRATION

Final Environmental Impact Statement (FEIS), Development of a Clifton Road Campus Annex, Centers for Disease Control and Prevention; Atlanta, GA

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR 1500-1508), as implemented by General Services Administration (GSA) Order PBS P 1095.4B, GSA announces the availability of the Final Environmental Impact Statement (FEIS) for a 30 day comment period, for the long-term development, over a twenty year horizon, of a campus annex (West

Campus) to house the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. Comments should be addressed directly to GSA. The 30-day comment period will begin with the publication of this Notice in the Federal Register.

The FEIS examined the short and long term impacts on the natural and built environments of developing and operating a mix of laboratory, office, and support space at the proposed West Campus. The DEIS also examined measures to mitigate unavoidable adverse impacts of the proposed action. The Main CDC Campus occupies 27.6 acres, and is bounded by Clifton Road to the north, Michael Street to the south and east, and Clifton Way to the west. CDC currently occupies approximately 884,000 gross square feet in 17 buildings, housing some 1,900 personnel. Approximately 60 percent of gross square footage consists of laboratory space, the remainder being office, administrative, and facility support space. There are approximately 1,800 parking spaces on site.

To meet CDC's known facility replacement needs, and to provide future expansion space, GSA proposes to acquire and develop approximately 17.6 acres bounded by Clifton Road to the north, Clifton Way to the east, and Michael Street to the south and west (West Campus). The maximum anticipated development over a twenty year planning horizon is approximately 633,000 additional gross square feet of laboratory, office, and support space, and 1,521 additional parking spaces.

GSA has identified the following alternatives in the EIS:

- "No Action," that is, undertake no site acquisition and development at all.
- Full Acquisition of 17.6 acres and full development of the proposed West Campus Site, previously described. This is the GSA/CDC preferred alternative and the proposed action.
- Limited Expansion by acquisition of less than the full 17.6 acres and development and expansion on a portion of the 17.6 acres and on the existing campus.
- On site consolidation and no additional site acquisition, with development occurring on the existing government-owned CDC Campus site.

GSA solicits comments on the FEIS in writing: Mr. George Chandler or Mr. Phil Youngberg, GSA/PBS Portfolio Management—4PT, 401 West Peachtree Street NW., Suite 3010, Atlanta, GA 30365 or, FAX your comments to GSA at 404-331-4540. Comments should be
