Notice of Intent To Amend the Medicine Lodge Resource Management Plan

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent to amend the Medicine Lodge Resource Management Plan, and to prepare an environmental assessment for this amendment.

SUMMARY: The BLM has received a request from the Fremont and Jefferson County Commissioners to amend their Rights-of-Way (IDI-22460, IDI-22461) on the Elgin-Hamer Road. The amendments would amend the seasonal closure from December 1 through March 31, and allow the road to remain open with other mitigation measures to protect wintering elk. Amendment to the Rights-of-Way require an amendment to the Medicine Lodge Resource Management Plan (RMP) to amend the seasonal limitations. An environmental assessment will be prepared to analyze these amendments. **DATES:** Comments on the proposed amendments and issues or concerns to be addressed in the environmental assessment will be accepted through January 31, 1997.

FOR FURTHER INFORMATION CONTACT: Jeff Gardetto, Bureau of Land Management, 1405 Hollipark Drive, Idaho Falls, ID 83401. (208) 524-7545.

SUPPLEMENTARY INFORMATION: In 1988, Rights-of-Way were issued to Fremont County (IDI-22460) and Jefferson County (IDI-22461) for use along the Egin-Hamer road. The ten mile gravel road connects the communities of Egin and Hammer in southeastern Idaho (T7N., R. 38E., Boise Meridian). In 1983 concerns about effects of vehicle travel on wintering elk populations prompted an amendment to the Medicine Lodge Resource Management Plan (completed in 1988) closing the area to vehicle use from December 1 through March 31 of each year. This seasonal closure was incorporated as stipulations to the Rights-of-Way issued to the counties. Monitoring studies of the elk population have indicated that elk do not use the area to the extent or at the times addressed in the original environmental analysis of the grants (Egin-Hamer Plan Amendment and Final Environmental Impact Statement, 1987).
