## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[IL154-b-1; FRL-5685-8]

#### Approval and Promulgation of Implementation Plans; Illinois

**AGENCY:** Environmental Protection Agency (USEPA).

**ACTION:** Proposed rule.

**SUMMARY:** On October 11, 1996, Illinois submitted a negative declaration regarding the need for rules controlling air emissions from sources classified as part of the "Shipbuilding and Ship Repair Industry" (SSRI) or "Marine Coatings" category in the Standard Industrial Classification (SIC) Manual. This negative declaration indicates that the State of Illinois has determined that there are no major sources (sources with a potential to emit twenty-five or more tons per year of volatile organic material (VOM)) in the Chicago ozone nonattainment area or the Metro-East ozone nonattainment area. In this action, USEPA is proposing to approve the State's finding that no additional control measures are needed. In the final rules section of this Federal Register, the USEPA is approving these actions as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on the proposed rule. USEPA will not institute a second comment period on this action. Any parties interested in commenting on this notice should do so at this time.

**DATES:** Comments on this proposed rule must be received on or before March 13, 1997.

**ADDRESSES:** Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulation Development Section, Air Programs Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

**FOR FURTHER INFORMATION CONTACT:**

Randolph O. Cano, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6036.

**SUPPLEMENTARY INFORMATION:** For additional information see the direct final rule published in the rules section of this Federal Register.

Dated: January 23, 1997.

Steve Rothblatt,

Acting Regional Administrator.
