Chandeleur Pipe Line Company; Notice of Application

April 8, 1997.

Take notice that on March 31, 1997, Chandeleur Pipe Line Company (Chandeleur), P.O. Box 740339, New Orleans, Louisiana 70176-0339, filed in Docket No. CP97-316-000 an application pursuant to Section 7(c) of the Natural Gas Act for authorization to construct, install and operate four miles of 24-inch pipeline in Jackson County, Mississippi, all as more fully set forth in the application on file with the Commission and open to public inspection.

Chandeleur proposes to construct four miles of 24-inch pipeline (Destin Extension) in order to connect Chandeleur's existing pipeline system with the interstate pipeline proposed to be constructed by Destin Pipeline Company, L.L.C. in Docket No. CP96-655-000. Chandeleur states that the Destin Extension will enhance the reliability of gas supplies attached to Chandeleur's system.

Chandeleur estimates the cost of the Destin Extension at \$4,400,000. Chandeleur proposes to roll the costs of the Destin Extension into its existing open access transportation rates which would result in a rate increase of 3.2% to firm shippers.

Chandeleur requests that the Commission issue a preliminary order on all non-environmental issues by July 1, 1997, and a final order by November 30, 1997. Chandeleur states that it will coordinate construction of the Destin Extension with the facilities proposed to be constructed by Destin Pipeline Company.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 29, 1997, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and

Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Chandeleur to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
