

a duty-absorption determination as part of this segment of the proceeding.

In this case, we are unable to calculate a margin based on SSAB's response and have therefore determined its dumping margin entirely on the basis of adverse facts available. We also determined, based on adverse facts available, that there are margins on all sales. Lacking other information, we find duty absorption on all sales.

Preliminary Results of the Review

As a result of our review, we preliminarily determine that a margin of 34 percent exists for SSAB for the period August 1, 1995 through July 31, 1996. Parties to the proceeding may request disclosure within five days of the date of publication of this notice. Any interested party may request a hearing within 10 days of publication. Case briefs and/or written comments from interested parties may be submitted not later than 30 days after the date of publication. Rebuttal briefs and rebuttals to written comments, limited to issues raised in the case briefs and comments, may be filed not later than 37 days after the date of publication. Any hearing, if requested, will be held 44 days after the date of publication, or the first workday thereafter. The Department will publish the final results of the administrative review, including the results of its analysis of issues raised in any such written comments or at a hearing, within 120 days of publication of these preliminary results.

Upon completion of this administrative review, the Department will issue appraisal instructions directly to the Customs Service. Furthermore, the following deposit requirements will be effective upon publication of the final results of administrative review for all shipments of subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be that established in the final results of this administrative review; (2) for exporters not covered in this review, but covered in previous reviews or the original less-than-value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, previous reviews, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be that established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit

rate for all other manufacturers or exporters will be 24.23 percent, the "all others" rate established in the final notice of the LTFV investigation (58 FR 37213, July 9, 1993).

These requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review. This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: May 5, 1997.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.
