

the cash deposit rate will be 14.67 percent, the all-others rate established in the LTFV investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26(b) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act and 19 CFR 353.22.

Tapered Roller Bearings and Parts Thereof, Finished or Unfinished, from Romania; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of Antidumping Duty Administrative Review.

SUMMARY: On December 2, 1996, the Department of Commerce ("the Department") published the preliminary results of its administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished or unfinished, (TRBs) from Romania (61 FR 63826-28). The review covers one exporter and two producers of subject merchandise for the period June 1, 1993 through May 31, 1994. We received comments from interested parties with regard to the Department's preliminary determination to deny Tehnoimportexport a separate rate for this review (see Comment 4 below). Upon consideration of interested parties' comments, for the final results of review, we reaffirm our determination that TIE is not entitled to a separate rate. Based on our analysis of

all comments received, we determine the country-wide dumping margin for Romania to be zero percent for this review period.

EFFECTIVE DATE: June 6, 1997.

Background

On December 2, 1996, the Department published in the **Federal Register** (61 FR 63826) the preliminary results of its administrative review of the antidumping duty order on TRBs from Romania (52 FR 23320). We have now completed this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Tariff Act), and 19 C.F.R. 355.22.

Scope of Review

Imports covered by this review are shipments of TRBs from Romania. These products include flange, take-up cartridge, and hanger units incorporating tapered roller bearings, and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. This merchandise is currently classifiable under Harmonized Tariff Schedule (HTS) item numbers 8482.20.00, 8482.91.00, 8482.99.30, 8483.20.40, 8483.30.40, and 8483.90.20. Although the HTS item numbers are provided for convenience and Customs purposes, the written description of the scope of this order remains dispositive.

This review covers eight companies and the period June 1, 1993 through May 31, 1994. Of the eight companies for which petitioner requested a review, only Tehnoimportexport, S.A. ("TIE") made shipments of the subject merchandise to the United States during the period of review. S.C. Rulmenti Alexandria and S.C. Rulmenti S.A. Brasov produced the merchandise sold by TIE to the United States, but have stated that they did not ship TRBs directly to the United States. Tehnoimportexport, Rulmenti S.A. Birlad, S.C.
