Nonetheless, even if small entities operate low-stress interfacility transfer lines, their costs will be lower because this action reduces compliance burdens. Therefore, based on the facts available about the anticipated impact of this rulemaking action, I certify, pursuant to section 605 of the Regulatory Flexibility Act (5 U.S.C. 605), that this rulemaking action will not have a significant economic impact on a substantial number of small entities.

C. Executive Order 12612

RSPA has analyzed this action in accordance with the principles and criteria contained in Executive Order 12612 (52 FR 41685). RSPA has determined that the action does not have sufficient federalism implications to warrant preparation of a Federalism Assessment.

D. Paperwork Reduction Act

This action reduces the pipeline mileage and number of operators subject to part 195. Consequently, it reduces the information collection burden of part 195 that is subject to review by OMB under the Paperwork Reduction Act of 1995. OMB has approved the information collection requirements of part 195 through May 31, 1999 (OMB No. 2137-0047).
