**Approval and Promulgation of Implementation Plans; Ohio Ozone Maintenance Plan**

**AGENCY:** United States Environmental Protection Agency (USEPA).

**ACTION:** Direct final rule; delay of the effective date.

**SUMMARY:** On May 14, 1997 USEPA published a direct final rule (62 FR 26396) approving, and an accompanying proposed rule (62 FR 26463) proposing to approve a revision submitted on July 9, 1996 and January 31, 1997, to the ozone maintenance plans for the Dayton-Springfield Area (Miami, Montgomery, Clark, and Greene Counties), Toledo Area (Lucas and Wood Counties), Canton area (Stark County), Ohio portion of the Youngstown-Warren-Sharon Area (Mahoning and Trumbull Counties), Columbus Area (Franklin, Delaware, and Licking Counties), Cleveland-Akron-Lorain Area (Ashtabula, Cuyahoga, Lake, Lorain, Medina, Summit, Portage, and Geauga Counties), Preble County, Jefferson County, Columbiana and Clinton Counties. The revision was based on a request from the State of Ohio to revise the federally approved maintenance plan for those areas to provide the state and the affected areas with greater flexibility in choosing the appropriate ozone contingency measures for each area in the event such a measure is needed. The USEPA is postponing the effective date of this rule for 60 days to allow for a 60 day extension of the public comment period. In the proposed rules section of this **Federal Register**, USEPA announces a 60 day extension of the public comment period on these maintenance plans.

**DATES:** The direct final rule published at 62 FR 26396 becomes effective September 12, 1997 unless substantive written adverse comments not previously addressed by the State or USEPA are received by August 12, 1997. If the effective date is further delayed, timely notice will be published in the **Federal Register**.

**ADDRESSES:** Written comments should be addressed to: J. Elmer Bortzer, Chief, Regulations Development Section, Air Programs Branch (AR–18), at the address below. Copies of the documents relevant to this action are available for public inspection during normal

**Approval and Promulgation of Air Quality Implementation Plans; Virginia: Determination of Attainment of Ozone Standard and Determination Regarding Applicability of Certain Requirements in the Richmond Area**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** EPA has determined that the Richmond ozone nonattainment area has attained the National Ambient Air Quality Standard (NAAQS) for ozone. This determination is based upon three years of ambient air monitoring data for the years 1993–95 that demonstrate that the ozone NAAQS has been attained in this area. EPA has also determined that Richmond has continued to attain the standard to date. On the basis of this determination, EPA is also determining that certain reasonable further progress and attainment demonstration requirements, along with certain other related requirements, of Part D of Title I of the Clean Air Act are not applicable to this area as long as this area continues to attain the ozone NAAQS. **DATES:** This final rule is effective July 28, 1997 unless within July 14, 1997,
