

Project (project), and has prepared a final Environmental Assessment (EA) for the project. The project is located on the existing water conveyance system providing water from the Corps of Engineers' Dworshak dam to two fish hatcheries. The Dworshak dam is located on the North Fork Clearwater River in Clearwater County, Idaho.

In the final EA, the Commission's staff has analyzed the existing and potential future environmental impacts of the project and has concluded that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

Copies of the final EA are available for review in the Public Reference Branch, Room 2A, of the Commission's offices at 888 First Street, N.E., Washington, D.C. 20426.
