

DEPARTMENT OF DEFENSE**Office of the Secretary****32 CFR Chapter I, Subchapter A****Acquisition**

AGENCY: Department of Defense.

ACTION: Final rule; correcting amendment.

SUMMARY: This rule is published to give the heading "Acquisition" for 32 CFR Chapter I, Subchapter A. On April 10, 1997 (62 FR 17549), the Department of Defense added to subchapter A a new regulation on criteria for nominating an acquisition program as a participant in the Defense Acquisition Pilot Program. This rule correctly designates a heading for subchapter A which was inadvertently omitted in the April 10 regulation.

EFFECTIVE DATE: July 30, 1997.

FOR FURTHER INFORMATION CONTACT: L. Bynum or P. Toppings, 703-697-4111.

SUBCHAPTER A—ACQUISITION

By the authority of 10 U.S.C. 301, the heading for 32 CFR Chapter I, Subchapter A is added as set forth above.

Dated: July 23, 1997.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Approval and Promulgation of Implementation Plans Tennessee: Approval of Revisions to the SIP Regarding Emission Standards and Monitoring Requirements for Additional Control Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving revisions to the Tennessee State Implementation Plan (SIP) which were submitted to EPA by the Tennessee Department of Air Pollution Control (TDAPC), on April 30, 1996. The EPA is approving these revisions to the Tennessee regulations regarding emission standards and monitoring requirements for additional control areas.

DATES: This final rule is effective September 29, 1997 unless adverse or critical comments are received by August 29, 1997. If the effective date is delayed, timely notice will be published in the **Federal Register**.

ADDRESSES: Written comments on this action should be addressed to Karen C. Borel at the Environmental Protection Agency, Region 4 Air Planning Branch, 61 Forsyth Street, SW., Atlanta, Georgia 30303. Copies of documents relative to this action are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day. Reference file TN171-01-9764. The Region 4 office may have additional background documents not available at the other locations.

Air and Radiation Docket and Information Center (Air Docket 6102), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460.

Environmental Protection Agency, Region 4 Air Planning Branch, 61 Forsyth Street, SW., Atlanta, Georgia 30303, Karen C. Borel, 404/562-9029.

Tennessee Department of Environment and Conservation, Division of Air Pollution Control, L & C Annex, 9th Floor, 401 Church Street, Nashville, Tennessee 37243-1531, 615/532-0554.

FOR FURTHER INFORMATION CONTACT: Karen C. Borel at 404/562-9029.

SUPPLEMENTARY INFORMATION: On April 30, 1996, the State of Tennessee submitted formal revisions to the Tennessee SIP. EPA found the submittal to be complete on July 8, 1996. These revisions to the SIP consisted of the entire Chapter 1200-3-19 "Emission Standards and Monitoring Requirements for Additional Control Areas." This chapter establishes specific emission standards for existing air contaminant sources located in nonattainment areas within the State. EPA is approving the revised Chapter 19 as described in the paragraphs below.

1. The phrase "a nonattainment area" has been changed to "an additional control area" throughout this chapter. The State has changed this description so that it now refers to areas which are in nonattainment and areas which were formerly nonattainment but have been redesignated to attainment. These redesignated areas are under additional controls as required by their maintenance plans, as well as any contingency measures that they may be implementing.

2. Chapter 1200-3-19.05(4) Operating Permits and Emissions Limiting Conditions—This subparagraph has been revised to require that a source, which is subject to enforceable limits on a RACT permit, must also apply for a construction permit. Once the source has received a construction permit, the RACT permit will be deleted from the SIP.

3. The phrase "asphalt concrete plant" has been changed to "hot mix asphalt plant" throughout this chapter. The requirements for these plants have not been revised.

Final Action

The EPA is approving the aforementioned revisions contained in the State's April 30, 1996, submittal. The EPA is publishing this action without prior proposal because the Agency views this as a noncontroversial amendment and anticipates no adverse comments. However, in a separate document in this **Federal Register** publication, the EPA is proposing to approve the SIP revision should adverse or critical comments be filed. This action will be effective September 29, 1997 unless, by August 29, 1997, adverse or critical comments are received.

If the EPA receives such comments, this action will be withdrawn before the effective date by publishing a subsequent document that will withdraw the final action. All public comments received will be addressed in a subsequent final rule based on this action serving as a proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. If no such comments are received, the public is advised that this action will be effective September 29, 1997.

Nothing in this action should be construed as permitting or allowing or establishing a precedent for any future request for revision to any state implementation plan. Each request for revision to the state implementation plan shall be considered separately in light of specific technical, economic, and environmental factors and in relation to relevant statutory and regulatory requirements.

Administrative Requirements**A. Executive Order 12866**

The Office of Management and Budget (OMB) has exempted this regulatory action from E.O. 12866 review.

B. Regulatory Flexibility Act

Under the Regulatory Flexibility Act, 5 U.S.C. 600 *et seq.*, EPA must prepare
