## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[UT-030-1020]

#### **Notice of Public Involvement and Scoping Opportunities for the Grand Staircase-Escalante National Monument Management Plan and Associated Environmental Impact Statement**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** The Utah Bureau of Land Management, Grand Staircase-Escalante National Monument (GSENM) is seeking public, agency and tribal involvement in the preparation of the GSENM Management Plan, through a series of public planning workshops/scoping meetings.

**SUMMARY:** Pursuant to the Federal Land Management Act (FLMPA), National Environmental Policy Act, Presidential Proclamation 6920 and Part 43, Section 1600 of Code of Federal Regulations, the Bureau of Land Management Grand Staircase-Escalante National Monument is seeking public involvement through various means including the hosting of a series of planning workshops in order to inform the public of Monument values and to understand public views, concerns and ideas regarding possibilities for management and the future of the GSENM.

**ADDRESSES:** Questions or concerns regarding the planning workshops/scoping meetings and schedules should be addressed to Pete Wilkins, Planning Coordinator, Grand Staircase-Escalante National Monument Planning Office, Bureau of Land Management, 337 South

Main Street, Suite 010, Cedar City, Utah 84720.

**FOR FURTHER INFORMATION CONTACT:** Pete Wilkins, Planning Coordinator at the above address or by phone at (801) 865-5100, E-Mail at p1wilkin@ut.blm.gov., or fax to (801) 865-5170.

**SUPPLEMENTARY INFORMATION:** The Grand Staircase-Escalante National Monument was established on September 18, 1996 by Presidential Proclamation 6920. As stated in the Proclamation, a management plan would be prepared pursuant to existing authorities, mainly FLPMA and the National Environmental Policy Act. In accordance with these authorities, the Bureau of Land Management is seeking the comments, concerns and views of all individuals, groups, organizations, agencies and American Indian Tribal Governments that may have an interest in the GSENM. As such, the GSENM, is announcing a series of planning workshops/scoping meetings through out Utah and other western states as well as in Washington D.C.

The purpose of these meetings is to inform the public of some of the important values within the Monument as well as some of directives and guidelines that were established within Proclamation 6920. These workshops are also designed to gather ideas, concerns and opportunities regarding possible management of the GSENM. Additionally, these workshops will help the monument staff identify appropriate issues and alternatives to be addressed within the associated GSENM Management Plan/Environmental Impact Statement.

The schedule and location of these Workshop Events is as follows:

All workshops will begin at 7:00 p.m. Big Water, UT, Big Water Town Hall,

August 12, 1997

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

#### **Amended Notice**

**SUMMARY:** Notice is hereby given that the Bureau of Land Management (BLM) and the County of Kem, State of California have extended the comment period for the Draft Environmental Impact Statement/Environmental Impact Report for the Soledad Mountain Project, a proposed gold mining operation on public and private lands in Kem County, California.

**DATES:** Comments on the Draft Environmental Impact Report/Environmental Impact Statement must be postmarked no later than August 11, 1997.

**ADDRESSES:** Written comments should be addressed to Bureau of Land Management, Ridgecrest Resource Area, 300 S. Richmond Road, Ridgecrest, California, 93555, Attention: Ahmed Mohsen, EIS Coordinator.

**FOR FURTHER INFORMATION CONTACT:** Ahmed Mohsen—EIS Coordinator (760) 384-5421.

**PUBLIC MEETINGS:** Public meetings were held on: Tues. June 24, 1997 and Wed. June 25, 1997.

**SUPPLEMENTARY INFORMATION:** The purpose of the Draft EIR/EIS is to present BLM and Kem County's comparative analysis of the impacts of the Proposed Action and Alternatives on the physical, biological, social and economic resources of the area. The Proposed Action is a mining proposal to extract minerals from the subsurface, process the ore using chemical leaching methods and place the waste rock adjacent to the processing and mining areas. Alternatives to the Proposed Action include variations on the duration of operations and placement of waste rock. After careful consideration
