Polyethylene Terephthalate Film, Sheet, and Strip From the Republic of Korea; Amendment of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amendment of final results of antidumping duty administrative review.

SUMMARY: On July 16, 1997, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on polyethylene terephthalate (PET) film, sheet, and strip from the Republic of Korea (62 FR 38064). The review covered two manufacturers/exporters of the subject merchandise to the United States and the period June 1, 1995 through May 31, 1996. Based on the correction of a ministerial error made in those final results, we are publishing this amendment in accordance with 19 CFR 353.28(c).

EFFECTIVE DATE: August 26, 1997.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930 (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all references to the Department's regulations are to the regulations as codified at 19 CFR part 353 (April 1997).

SUPPLEMENTARY INFORMATION:

Background

On July 16, 1997, the Department published the final results of its administrative review of the antidumping duty order on polyethylene terephthalate (PET) film, sheet, and strip from the Republic of Korea (62 FR 38064). Neither petitioners nor respondents submitted comments on the final results in accordance with 19 CFR 353.28.

For the period of review (POR), June 1, 1995 through May 31, 1996, the Department calculated *de minimis* (e.g., less than 0.5 percent) weighted-average dumping margins for both SKC Limited (SKC) and STC Corporation (STC), the two manufacturers/exporters subject to review. However, the final results erroneously indicated that cash deposit rates for the companies would be the company-specific rates calculated during the POR. We are amending the final results to correct this ministerial error. Because the weighted-average dumping margins for both companies are *de minimis* during the POR, the cash deposit rate will be zero percent for both companies. (See 19 CFR 353.6). These deposit rates are in effect as of the date of publication of the final results of this administrative review (July 16, 1997) and shall remain in effect until publication of the final results of the next administrative review.

Amended Final Results of Review

As the correction of the ministerial error did not require a recalculation of the weighted-average dumping margins, the margins continue to be:

Manufacturer/exporter	Period of review	Margin (percent)
SKC Limited	06/01/95-05/31/96	0.45
STC Corporation	06/01/95-05/31/96	0.37
