### Consumers Energy Company; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Consumers Energy Company (the licensee) to withdraw its October 15, 1996, as supplemented on April 22, 1997, application for proposed amendment to Facility Operating License No. DPR-6 for the Big Rock Point Plant, located in Charlevoix County, Michigan.

The proposed changes would have modified the facility technical specifications pertaining to the use of Option B, Performance Based Requirements, of Appendix J to 10 CFR Part 50, for the Type A, Type B, and Type C tests. In addition, the amendment request proposed several editorial changes to the Big Rock Point technical specifications.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on June 4, 1997 (62 FR 30630). However, by letters dated April 22, 1997, and August 25, 1997, the licensee withdrew the proposed changes.

For further details with respect to this action, see the application for amendment dated October 15, 1996, and the licensee's letters dated April 22, 1997, and August 25, 1997, which withdrew the application for license amendment. The above documents are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street,

NW., Washington, DC, and at the local public document room located at the North Central Michigan College, 1515 Howard Street, Petoskey, Michigan 49770.
