**Executive Order 12866.** It has been determined that this Privacy Act rule for the Department of Defense does not constitute 'significant regulatory action'. Analysis of the rule indicates that it does not have an annual effect on the economy of \$100 million or more; does not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; does not materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; does not raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in Executive Order 12866.

**Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Northern Sierra Air Quality Management District**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** EPA is taking direct final action on revisions to the California State Implementation Plan. The revisions concern rules for Northern Sierra Air Quality Management District (NSAQMD or District). This approval action will incorporate these rules into the federally approved SIP. The intended effect of approving these rules is to regulate emissions of volatile organic compounds (VOCs), oxides of nitrogen (NO<sub>x</sub>) and other pollutants in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA of the Act). These revisions consist of administrative and minor changes to a wide range of rules that have been previously incorporated into the federally approved SIP. Thus, EPA is finalizing the approval of these revisions into the California SIP under provisions of the CAA regarding EPA action on SIP submittals, SIPs for national primary and secondary ambient air quality standards and plan requirements for nonattainment areas.

**EFFECTIVE DATE:** This action is effective on November 17, 1997 unless adverse or critical comments are received by October 16, 1997. If the effective date is delayed, a timely notice will be published in the **Federal Register**.

**ADDRESSES:** Comments must be submitted to Cynthia G. Allen at the Region IX office listed below. Copies of the rule revisions are available for public inspection at EPA's Region IX office during normal business hours.
