

animals used in exhibition (such as, but not limited to, elephants, lions, or tigers), and what training and experience levels trainers and handlers of such animals have. This reopening and extension will provide interested groups and individuals with additional time to prepare comments on the request for information.

DATES: Consideration will be given only to comments on Docket No. 97-001-1 that are received on or before November 6, 1997.

ADDRESSES: Please send an original and three copies of your comments to Docket No. 97-001-1, Regulatory Analysis and Development, PPD, APHIS, Suite 3C03, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comments refer to Docket No. 97-001-1. Comments received may be inspected at USDA, room 1141, South Building, 14th Street and Independence Avenue SW., Washington, DC, between 8:00 a.m. and 4:30 p.m., Monday through Friday, except holidays. Persons wishing to inspect comments are requested to call ahead on (202) 690-2817 to facilitate entry into the comment reading room.

FOR FURTHER INFORMATION CONTACT: Mr. Stephen Smith, Staff Animal Health Technician, Animal Care, APHIS, 4700 River Road Unit 84, Riverdale, MD 20737-1234, (301) 734-7833.

SUPPLEMENTARY INFORMATION:

Background

On July 24, 1997, we published in the *Federal Register* (62 FR 39802, Docket No. 97-001-1) a notice requesting information concerning the training and handling of potentially dangerous wild and exotic animals used in exhibition in order to obtain a better understanding of the issues pertaining to their welfare.

Comments on the request for information were required to be received on or before September 22, 1997. We received two requests to extend the period during which comments will be accepted. The requests were from an animal welfare organization and an industry association. In response, we are reopening and extending the comment period on Docket No. 97-001-1 for an additional 45 days. This action will allow interested groups and individuals additional time to prepare and submit comments.

Authority: 7 U.S.C. 2131-2159; 7 CFR 2.22, 2.80, and 371.2(g).

Done in Washington, DC, this 17th day of September 1997.

Craig A. Reed,

Acting Administrator, Animal and Plant Health Inspection Service.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 71-97]

Foreign-Trade Zone 149—Freeport, Texas Application for Foreign-Trade Subzone Status Amoco Chemical Company (Petrochemical Complex) Brazoria County, Texas

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Freeport, grantee of FTZ 149, requesting special-purpose subzone status for the petrochemical complex of Amoco Chemical Company (Amoco), a subsidiary of Amoco Corporation, located in Brazoria County, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 9, 1997.

The Amoco petrochemical complex (3,020 acres, 669 employees) consists of two sites in Brazoria County, Texas: *Site 1:* Chocolate Bayou olefins plant (2,334 acres) located on FM 2004 near the city of Alvin, some 50 miles south of Houston, and *Site 2:* Stratton Ridge

storage facility (686 acres, eight tanks/8.5 million-barrel capacity) located at FM 523 near Angleton, some 15 miles southwest of the plant. The olefins plant produces a variety of petrochemical feedstocks and intermediate fuel products, including ethylene (3 billion-lb. capacity), propylene (800 million-lb. capacity), butadiene (200 million-lb. capacity), butene, liquified natural gas, methane, fuel oil, naphtha, and benzene. The petrochemical complex is integrated with the Amoco Oil Company refinery subzone in Texas City, Texas (FTZ 199A, Board Order 731, 60 FR 13118, 3/10/95), which supplies the petrochemical complex with nearly all of its feedstock needs, including foreign-status naphthas, ethane and propane.

Zone procedures would exempt the petrochemical complex from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the Customs duty rates that apply to certain petrochemical feedstocks (duty-free) by admitting incoming foreign inputs (e.g. naphthas, ethane and propane) in non-privileged foreign status. The duty rates on inputs range from duty-free to 10.5¢/barrel. Under the FTZ Act, certain merchandise in FTZ status is exempt from ad valorem inventory-type taxes. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is [60 days from date of publication]. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to [75 days from date of publication]).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce, Export Assistance Center, Suite 1160, 500 Dallas, Houston, Texas 77002.

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th & Pennsylvania Avenue, NW, Washington, DC 20230.
