

Department of Education, 600 Independence Avenue, S.W., Room 5624, Regional Office Building 3, Washington, DC 20202-4651.

FOR FURTHER INFORMATION CONTACT: Patrick J. Sherrill (202) 708-8196. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Deputy Chief Information Officer, Office of the Chief Information Officer, publishes this notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department, (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: October 7, 1997.

Gloria Parker,

Deputy Chief Information Officer, Office of the Chief Information Officer.

Office of Vocational and Adult Education

Type of Review: New.

Title: Case Studies of the

Implementation of the Crossroads Cafe Project.

Frequency: Weekly.

Affected Public: Individuals or households; businesses or other for-profit; State, local or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Burden:

Responses: 316.

Burden Hours: 1,533.

Abstract: This study is designed to provide the U.S. Department of Education with information on the implementation of the Crossroads Cafe Project, a distance education model for delivering English-as-a-Second Language (ESL) services to adult ESL learners. The study will also provide a pilot test of a design for an impact evaluation of the Crossroads Cafe Project. Data will be gathered from approximately 200 adult ESL learners and teachers at three state sites, as well as state implementation team members and technical assistance providers.

BILLING CODE 4000-01-P

ADDRESSES: For further information on this proposed action, including a site map and/or a copy of the Wetlands Assessment, contact: Mr. David R. Kozlowski, Associate Director, Office of Safety and Assessment, U.S. Department of Energy, Fernald Environmental Management Project Office, P.O. Box 538705, Cincinnati, Ohio 45253-8705; Phone: (513) 648-3187; Facsimile: (513) 648-3077.

FURTHER INFORMATION CONTACT: For further information on general DOE wetland and floodplain environmental review requirements, contact: Ms. Carol M. Borgstrom, Director, Office of NEPA Policy and Assistance, EH-42, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, D.C. 20585; Phone: (202) 586-4600 or 1-800-472-2756.

SUPPLEMENTARY INFORMATION: The proposed activity would be required to comply with the Clean Air Act provisions for ambient air monitoring. Included is the construction of an access road, installation of electrical power, and placement of a step unit to mount the air monitor. Approximately 0.3 acres of wetlands would be affected. Wetland impacts would occur from installation of the gravel access road over the existing wetland, resulting in physical disturbance and filling of wetland areas. Best management practices would be utilized to minimize the amount of wetland area impacted. For example, the access road would be routed to impose the least impact to the wetland, erosion controls such as silt fences would be utilized during construction of the access road in order to minimize sediment deposition into the wetland, and culverts would be placed beneath the access road to allow continued overland flow to the wetland.

Issued in Miamisburg, Ohio on September 26, 1997.

Susan L. Smiley,

NEPA Compliance Officer, Ohio Field Office.
