Panhandle Eastern Pipe Line Company; Notice of Application for Abandonment

December 2, 1997.

Take notice that on November 25, 1997, Panhandle Eastern Pipe Line Company (Panhandle), 5400 Westheimer Court, Houston, TX 77251-1642, filed, in Docket No. CP98-101-000, an application pursuant to Section 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations for an order permitting and approving the abandonment by sale to Citizens Gas Fuel Company (Citizens), the Adrian lateral and appurtenant facilities located in Lenawee County, Michigan, as more

fully set forth in the application, which is on file with the Commission and open for public inspection.

Panhandle is seeking authorization to abandon the Adrian Lateral facilities which include: 8.1 miles of 4-inch pipeline and 8.1 miles of 6-inch pipeline and appurtenant facilities, the existing metering facility and appurtenant equipment, with the exception of the electronic gas measurement equipment, all located in Lenawee County, Michigan. Panhandle indicates that its use of these facilities has been limited to delivering natural gas to Citizens in order to serve its various local distribution customers. Panhandle says that upon abandonment and transfer of the lateral, Citizens will include the facilities as part of its local distribution system and will continue to provide service to its customers. Panhandle states the facilities to be transferred are fully depreciated. Panhandle proposes to sell the facilities to Citizens for the sum of Ten Dollars (\$10.00).

Panhandle states that its total system capacity will not be affected by this abandonment; that no customers presently served by Panhandle will have service terminated; nor will there be any changes to Panhandle's existing tariff.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 23, 1997, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any proceeding herein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If

a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Panhandle to appear or to be represented at the hearing.

Sea Robin Pipeline Company; Notice of Proposed Changes to FERC Gas Tariff

December 2, 1997.

Take notice that on November 25, 1997, Sea Robin Pipeline Company (Sea Robin) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following revised Tariff sheet pursuant to Section 154.203 of the Commission's Regulations and Section 4 of the Natural Gas Act to become effective November 3, 1997:

Second Revised Sheet No. 7a

On July 1, 1997, Sea Robin submitted a filing with the Commission in the above-captioned docket to create a new rate schedule on Sea Robin's system to provide a new, flexible firm service for any eligible shipper. Such new, firm service, Rate Schedule FTS-2, provided firm transportation at a volumetric rate provided that shippers maintain a throughput level of 80% of Maximum Daily Quantity (MDQ). In the Commission's "Order Accepting and Suspending Tariff Sheets Subject to Conditions" dated July 31, 1997, the Commission accepted Sea Robin's filing subject to certain conditions. Sea Robin made a compliance filings with the Commission on August 15, 1997, and October 14, 1997, to place the tariff sheets into effect on August 4, 1997.

The July 31 Order recognized that acceptance of the filing was subject to the outcome of Sea Robin's rehearing petition in Docket No. RP95-167. On December 31, 1996, Sea Robin filed a Stipulation and Agreement (Stipulation) in Docket No. RP95-167 under which it intended to resolve all of the issues in the proceeding and to implement revised rates effective January 1, 1997. The Stipulation Lowered Sea Robin's interruptible transportation (IT) rate to
