#### SUPPLEMENTARY INFORMATION:

##### I. Program Purpose

Head Start is authorized under the Head Start Act (42 U.S.C. 9801 *et seq.*). It is a national program providing comprehensive developmental services primarily to low-income preschool children, age three to the age of compulsory school attendance, and their families. In addition, Section 645A of the Head Start Act provides authority to fund programs for families with infants and toddlers, known as Early Head Start programs. To help enrolled children achieve their full potential, Head Start programs provide comprehensive health, nutritional, educational, social and other services. Additionally, Head Start programs are required to provide for the direct participation of the parents of enrolled children in the development, conduct, and direction of local programs. Parents also receive training and education to foster their understanding of and involvement in the development of their children. In fiscal year 1996, Head Start served 752,000 children through a network of over 2,000 grantees and delegate agencies.

While Head Start is intended to serve primarily children whose families have incomes at or below the poverty line, or who receive public assistance, the Head Start Act and implementing regulations permit up to 10 percent (and more for Indian tribes under certain circumstances) of the children in local programs to be from families who do not meet these low-income criteria. The Act also requires that a minimum of 10 percent of the enrollment opportunities in each program be made available to children with disabilities. Such children are expected to participate in the full range of Head Start services and activities with their non-disabled peers and to receive needed special education and related services.

##### II. Summary of the Proposed Regulation

The authority for this Notice of Proposed Rulemaking (NPRM) is section 646 of the Head Start Act (42 U.S.C. 9841), as amended by Public Law 103-252, Title I of the Human Service Amendments of 1994. Section 646(e) directs the Secretary to specify a process by which an Indian tribe may identify an agency, and request that the agency identified be designated as the Head Start agency providing services to the tribe, if (a) financial assistance to the tribal grantee is terminated, and (b) the
