

will facilitate review of the annual access filings within the streamlined notice periods by resolving most of the major issues currently raised with the annual access proceedings. (This requirement does not impose any additional burden on the respondents since respondents are already required to file TRPs). e. *Petitions and Replies*: Petitions against LEC tariff transmittals that are effective 7 days from filing must be filed within 3 calendar days from the date of tariff filing, and replies must be filed within 2 calendar days of service of petition. Petitions against LEC tariff transmittals that are effective 15 days from filing will be filed as currently specified in sections 1.773(a)(2)(ii) and 1.773(b)(1)(ii). These rules require petitions to be filed within 4 days of service of the petition. All tariffs and associated documents filed on 15 days' notice or less must include, among other things, the facsimile number of the individual designated by the filing carrier to receive personal or facsimile service of petitions and that petitions and replies in connection with such tariff filings be served by hand or facsimile. (No. of respondents: 20; hours per response: 6 hours; total annual burden: 120 hours). f. *Standard Protective Orders*: In the Report and Order, the Commission issued a standard protective order for use in review of LEC tariff filings submitted pursuant to section 204(a)(3). Reviewing parties must keep a written record of all copies made and to provide this record to the Submitting Party on reasonable request. (No. of respondents: 20; hours per response: 2 hours; total annual burden: 40 hours). The information collected under the program of electronic filing will facilitate access to tariff and associated documents by the public, especially by interested persons who do not have ready access to the Commission's public reference rooms, and state and federal regulators. Ready electronic access to carrier tariffs should also facilitate the compilation of aggregate data for industry analysis purposes without imposing new reporting requirements on carriers. The Commission adopts its proposal to require that carriers desiring tariffs proposing rate decreases to be effective in seven days must be filed in separate transmittal. This requirement will ensure that a tariff filing proposing a rate decrease is given the shortest notice period possible under the 1996 Act. The Commission also adopts the requirement that carriers identify transmittals filed pursuant to the streamlining provisions of the 1996 Act. All of the requirements would be used

to ensure that local exchange carriers comply with their obligations under the Communications Act and that the Commission be able to ensure compliance within the streamlined timeframes established by the 1996 Act. Obligation to respond: Mandatory.

Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554.

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Notice.

**SUMMARY:** This is a notice of the Presidential declaration of a major disaster for the Commonwealth of the Northern Mariana Islands (FEMA-1192-DR), dated December 8, 1997, and related determinations.

**EFFECTIVE DATE:** December 8, 1997.

**FOR FURTHER INFORMATION CONTACT:** Magda Ruiz, Response and Recovery Directorate, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-3260.

I have determined that the damage in certain areas of the Commonwealth of the Northern Mariana Islands (CNMI), resulting from Super Typhoon Keith on November 2-3, 1997, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act ("the Stafford Act"). I, therefore, declare that such a major disaster exists in the Commonwealth of the Northern Mariana Islands.
