The limits set forth above are subject to adjustment pursuant to the provisions of the ATC and administrative arrangements notified to the Textiles Monitoring Body.

Products in the above categories exported during 1997 shall be charged to the applicable category limits for that year (see the November 4, 1996 directive) to the extent of any unfilled balances. In the event the limits established for that period have been exhausted by previous entries, such products shall be charged to the limits set forth in this directive.

Products for integration in 1998 listed in the **Federal Register** notice published on May 1, 1995 (60 FR 21075) which are exported during 1997 shall be charged to the applicable limits to the extent of any unfilled balances. After January 1, 1998, should those unfilled balances be exhausted, such products shall no longer be charged to any limit, due to integration of these products into GATT 1994.

CITA has informed Malaysia of its intent to continue the bilateral visa arrangement for those products. An export visa will continue to be required, if applicable, for products integrated on and after January 1, 1998, before entry is permitted into the United States.

In carrying out the above directions, the Commissioner of Customs should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,
J. Hayden Boyd,

Acting Chairman, Committee for the Implementation of Textile Agreements.
