of the existing policies and programs. Alternative B is the "minimum requirements" alternative and describes those minimum actions that are required for the safe and effective operation of the park. Included is a 3,310-acre protected area within adjacent National Forest lands to protect cave ecology and the public water supply. Alternative C (the proposed action and preferred alternative) emphasizes enhanced protection of the monument resources and visitor experiences through park-led cave tours, an on-site visitor center in an adaptively reused historic building, establishment of a caves reservation system, and enhancement of non-motorized trails in a protected forest setting. It also provides for increased protection of the cave hydrology, surface forest environment, and public water supply through a 3,310-acre addition to the monument from adjacent National Forest lands. Alternative D emphasizes increased visitor services and recreation opportunities combined with increased watershed protection. A 2,373-acre addition and a 937-acre protected area are also part of the alternative. The draft EIS evaluates the potential environmental impacts associated with the strategies comprising the four alternatives. The official responsible for a decision on the proposed action is the Regional Director, Pacific West Region, National Park Service.

### Implications for U.S. Trade and Competitiveness of a Broad-Based Consumption Tax

**AGENCY:** United States International Trade Commission

**ACTION:** Institution of investigation and scheduling of public hearing.

**EFFECTIVE DATE:** January 8, 1998.

**SUMMARY:** Following receipt on December 15, 1997, of a request from the House Committee on Ways and Means (Committee), the Commission instituted investigation No. 332-389, Implications for U.S. Trade and Competitiveness of a Broad-based Consumption Tax, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)).

**FOR FURTHER INFORMATION:** Information on economic aspects of the investigation may be obtained from Hugh Arce, Office of Economics (202-205-3234) or William Donnelly, Office of Economics (202-205-3223), and on legal aspects, from William Gearhart, Office of the General Counsel (202-205-3091). Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202-205-1810).

### Background

The Committee's letter noted that there are several proposals to significantly reform the current U.S. income tax system, including many that can be characterized as consumption taxes. Examples noted in the letter include a flat tax, a national retail sales tax, and a value-added tax. It noted that a number of studies have examined the effects of consumption-based taxes on international trade and found a wide range of effects on investment, imports, and exports, depending upon how the consumption tax is structured.

As requested by the Committee, the Commission in its report on the investigation will provide an analysis of the implications for U.S. trade and competitiveness of replacing the current income tax system with a broad-based consumption tax. The Commission will also analyze various consumption tax proposals such as those noted above. In addition, the Commission will provide a review of current economic analyses on this topic, and a discussion of the key technical issues that can

significantly affect the relationship between tax policy and international trade.

The Commission will provide its report by June 15, 1998.

### Public Hearing

A public hearing in connection with the investigation will be held in the Commission hearing room, 500 E Street, SW, Washington, DC 20436, beginning at 9:30 a.m. on March 5, 1998. Requests to appear at the public hearing should be filed with the Secretary, United States International Trade Commission, 500 E Street, SW, Washington, DC 20436 no later than COB, February 26, 1998. Prehearing statements should be filed not later than COB February 26, 1998. Any posthearing submissions must be filed not later than COB March 19, 1998.

In the event that, as of COB March 4, 1998, no witnesses have filed a request to appear at the hearing, the hearing will be canceled.
