

alternative, which would be retention of the property by the Navy in caretaker status. However, due to provisions found in the Base Realignment and Closure Act, selection of the "no action" alternative would be considered impractical for the Navy to implement.

Major environmental issues that will be addressed in the EA include, but are not limited to, air quality, water quality, wetlands, endangered species, cultural resources, and socioeconomic impacts of the reasonably foreseeable reuse of the property.

Federal, state and local agencies, and individuals interested in obtaining a copy of the Review EA should contact Mr. Darrell Molzan (Code 064DM), Southern Division, Naval Facilities Engineering Command, P.O. Box 190010, North Charleston, SC 29419-9010, FAX (803) 820-7472.

Department of the Navy

Redesignation From Environmental Impact Statement (EIS) to Environmental Assessment (EA) for Disposal and Reuse of Naval Air Warfare Center, Aircraft Division, Trenton, Ewing Township, New Jersey

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: The Department of the Navy gives notice that an Environmental Assessment (EA) has been prepared, and an Environmental Impact Statement (EIS) is not required, for the disposal and reuse of Naval Air Warfare Center, Aircraft Division (NAWCAD), Trenton, Ewing Township, New Jersey.

ADDRESSES: Requests for copies of the Review EA are to be directed to Mr. Bob Ostermueller (Code 202), Northern Division, Naval Facilities Engineering Command, 10 Industrial Highway, MSC 82, Lester, PA 19113, FAX (610) 595-0778.

FOR FURTHER INFORMATION CONTACT: Mr. Bob Ostermueller, (610) 595-0759.

SUPPLEMENTAL INFORMATION: Pursuant to the Council on Environmental Quality regulations (40 CFR parts 1500-1508) implementing the procedural provisions of the National Environmental Policy Act (NEPA), the Department of the Navy gives notice that an EA has been prepared for the disposal of NAWCAD

Trenton and the subsequent reuse of the property.

A Notice of Intent (NOI) to prepare an EIS was published in **Federal Register** on March 17, 1997 (62 FR 12622). A public scoping meeting for the proposed project was held on April 2, 1997, at the Ewing Township Municipal Building, 2 Municipal Drive, Ewing Township, New Jersey.

In 1993, the Congressional Committee on Base Realignment and Closure (BRAC) recommended the closure of NAWCAD Trenton and the subsequent relocation of functions, personnel, equipment, and support to the Arnold Engineering Center, Tullahoma, Tennessee and the Naval Air Warfare Center Patuxent River, Maryland. This recommendation was approved by President Clinton and accepted by the One Hundred Third Congress in 1993. The BRAC legislation also identified the requirements for compliance with NEPA stating that the provisions of NEPA shall apply during the process of property disposal. The EA will evaluate environmental impacts of alternative reuse concepts of the property under current or other zoning classifications, including a "no action" alternative, which would be retention of the property by the Navy in caretaker status.

Major environmental issues that will be addressed in the EA include, but are not limited to, air quality, water quality, wetlands, endangered species, cultural and historical resources, and socioeconomic impacts of the reasonably foreseeable reuse of the property.

Federal, state and local agencies, and individuals interested in obtaining a copy of the Review EA should contact Mr. Bob Ostermueller (Code 202), Northern Division, Naval Facilities Engineering Command, 10 Industrial Highway, MSC 82, Lester, PA 19113, FAX (610) 595-0778.

Dated: February 3, 1998.

Michael I. Quinn,

Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.
