#### Notice of Intent To Prepare Environmental Impact Statement on the Proposal to Release Federal Funds to the University of New Mexico to Construct Enchanted Skies Park and Observatory, Near Grants, NM

The United States Air Force (Air Force) will prepare an Environmental Impact Statement (EIS) to assess the potential environmental impacts of the Air Force's decision to issue Department of Defense (DoD) grant funds to the University of New Mexico to construct an astronomical observatory on Horace Mesa, near Grants. The Air Force initiated an Environmental Assessment (EA) in May 1997 to analyze this proposal. Preliminary results from the EA indicated the potential for significant impacts to cultural resources. In accordance with the National Environmental Policy Act, the Air Force will continue the analysis of this proposal through the preparation of an EIS. The EIS will be used by the Air Force in considering whether, and under what conditions, to approve the release of federal funds to construct the observatory on Horace Mesa and to document the Air Force's decision in a Record of Decision.

The University of New Mexico has proposed to use the grant funds to build the Enchanted Skies Park and Observatory near Grants, NM. This proposal involves the construction and operation of an astronomical research site with a publicly accessible park that includes educational opportunities and amateur viewing facilities. The project would consist of a Visitor's Center, Technical Center and amateur viewing area. The building and structures would occupy approximately 250 acres of land on Horace Mesa with interconnected transportation corridors for hiking, walking, delivery/maintenance, and tram/trolley traffic. Improvements to state owned access roads would also be required.

The scoping period for the Enchanted Skies Park and Observatory will extend through March 20, 1998. Written and oral comments received from meetings

and correspondence during the preparation of the EA will be considered in preparation of the EIS, as will comments received by the Air Force during this scoping period. To ensure the Air Force has sufficient time to consider public input in the preparation of the Draft EIS, comments should be submitted to the address below by March 20, 1998:
