BILLING CODE 4000-01-M

DEPARTMENT OF ENERGY

Bonneville Power Administration

Select Area Fisheries Evaluation Project

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of floodplain or floodway involvement.

SUMMARY: This notice announces BPA's proposal to place fish net pens, pilings, and floating docks in floodplains or floodways located in various bays, sloughs, channels, and tributaries of the lower Columbia River. The goal of this program is to determine the feasibility of creating or expanding select area, known stock fisheries in the Columbia River basin to allow harvest of strong anadromous salmonid stocks while providing greater protection of depressed fish stocks. In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements, BPA will prepare a floodplain assessment and will perform this proposed action in a manner so as to avoid or minimize potential harm to or within the affected floodplain or floodways. The assessment will be included with the revised Finding of No Significant Impact (FONSI) being prepared for the proposed project in accordance with the requirements of the National Environmental Policy Act. A floodplain statement of findings will be included in any finding of no significant impact that may be issued following the completion of the revised FONSI.

DATES: Comments are due to the address below no later than March 20, 1998.

ADDRESSES: Submit comments to Communications, Bonneville Power Administration—ACS-7, P.O. Box 12999, Portland, Oregon 97212. Internet address: comment@bpa.gov.

FOR FURTHER INFORMATION CONTACT: Colleen Spiering—ECP-4, Bonneville Power Administration, P.O. Box 3621, Portland, Oregon, 97208-3621, phone number 503-230-5756, fax number 503-230-4089.

SUPPLEMENTARY INFORMATION: An Environmental Assessment (EA) and Finding of No Significant Impact were issued in May 1995. BPA proposes to issue a revised FONSI supporting the 1995 EA and including additional net pen locations. Net pens may be placed in various bays, sloughs, channels, and tributaries of the Columbia River including areas in Clatsop County in the State of Oregon and Columbia and Wahkiakum Counties in the State of Washington.

Maps and further information are available from BPA at the address above.

Issued in Portland, Oregon, on February 25, 1998.

Nancy H. Weintraub,

Acting NEPA Compliance Officer.

The ISO states that these filings have been served on all parties listed on the official service list in the above referenced dockets, including the California Public Utilities Commission.

Any person desiring to be heard to protest said filings should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before March 12, 1998. Protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

David P. Boergers,

Acting Secretary.
