Summary of Information Collection

The information collection includes requirements related to contract financing and payment in DFARS Part 232, Contract Financing, and the related clause at DFARS 252.232-7007, Limitation of Government's Obligation.

DFARS Subpart 232.7, Contract Funding, limits the use of incrementally funded fixed-price contracts to situations where the contract is funded with research and development appropriations; where Congress has otherwise incrementally appropriated program funds; or where the head of the contracting activity approves the use of incremental funding for either base services contracts or hazardous/toxic waste remediation contracts. The clause at DFARS 252.232-7007 identifies procedures for incrementally funding the contract and requires the contractor to provide the Government with written notice when the work will reach the point at which the amount payable by the Government, including any termination costs, approximates 85 percent of the funds currently allotted to the contract.
