Kentucky Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Proposed rule; reopening of public comment period.

SUMMARY: OSM is reopening the public comment period on a proposed amendment to the Kentucky regulatory program (hereinafter the "Kentucky program") under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). Kentucky submitted a letter requesting the removal of an amendment at 30 CFR 917.17(a) which required that it maintain a staffing level of 156 field inspectors and, in the same letter, provided justification for its request. The amendment is intended to revise the Kentucky program to be consistent with the corresponding Federal regulations.

DATES: Written comments must be received by 4:00 p.m., [E.D.T.], June 2, 1998.

ADDRESSES: Written comments and requests to speak at the hearing should be mailed or hand delivered to William J. Kovacic, Director, at the address listed below.

Copies of the Kentucky program, the proposed amendment, a listing of any scheduled public hearings, and all written comments received in response to this document will be available for public review at the address listed below during normal business hours, Monday through Friday, excluding holidays. Each requester may receive one free copy of the proposed amendment by contacting OSM's Lexington Field Office.

SUPPLEMENTARY INFORMATION:

I. Background on the Kentucky Program

On May 18, 1982, the Secretary of the Interior conditionally approved the Kentucky program. Background information on the Kentucky program, including the Secretary's findings, the disposition of comments, and the conditions of approval can be found in the May 18, 1982, **Federal Register** (47 FR 21404). Subsequent actions concerning the conditions of approval and program amendments can be found at 30 CFR 917.11, 917.13, 917.15, 917.16, and 917.17.

II. Description of the Proposed Amendment

By letter dated November 3, 1997 (Administrative Record No. KY-1418), Kentucky submitted a proposed amendment to its program requesting the removal of an amendment at 30 CFR 917.17(a) requiring that Kentucky maintain a staffing level of 156 field inspectors. The proposed amendment was announced in the December 10, 1997, **Federal Register** (62 FR 65044).

The notice did not clarify that Kentucky submitted documents that provide evidence that it has sufficient inspection and enforcement staffing levels to regulate mining in accordance with SMCRA. OSM, therefore, reopened the comment period to describe the documents submitted. The submission of the additional information was

announced in the April 27, 1998, **Federal Register** (63 FR 20561).

During the course of its review, OSM determined that the required amendments at 30 CFR 917.16(b)(1) and in the first sentence of (b)(2), which mandate a staffing level of 408 for Kentucky, and (b)(3), which requires that Kentucky provide a report to OSM describing the actions taken to achieve the staffing level, could possibly be removed based on the additional documentation Kentucky provided. Specifically, the Director proposes to remove the entire required amendment at 917.16(b) because Kentucky appears to have met all the requirements in 30 CFR 917.16(b) (1), (2), and (3). The comment period is being reopened because this proposed action was not specified in the two earlier announcements.

III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), OSM is seeking comments on whether the proposed amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If the amendment is deemed adequate, it will become part of the Kentucky program.

Written Comments

Written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of the commenter's recommendations. Comments received after the time indicated under **DATES** or at locations other than the Lexington Field Office will not necessarily be considered in the final rulemaking or included in the Administrative Record.

IV. Procedural Determinations

Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR

730.11, 732.15, and 732.17(h)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

National Environmental Policy Act

No environmental impact statement is required for this rule since section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The State submittal which is the subject of this rule is based upon counterpart Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart Federal regulations.

Unfunded Mandates

This rule will not impose a cost of \$100 million or more in any given year on any governmental entity or the private sector.

Proposed Amendment to the Bank Secrecy Act Regulations; Requirement That Casinos and Card Clubs Report Suspicious Transactions

AGENCY: Financial Crimes Enforcement Network, Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Financial Crimes Enforcement Network ("FinCEN") is proposing to amend the Bank Secrecy Act regulations to require casinos and card clubs to report suspicious transactions involving at least \$3,000 in funds or other assets, relevant to a possible violation of law or regulation; reports would be made on a reporting form specifically designed for use in the gaming industry. The proposed amendments to the Bank Secrecy Act regulations would also require casinos and card clubs to establish procedures designed to detect occurrences or patterns of suspicious transactions and would make certain other changes to the requirements that casinos maintain Bank Secrecy Act compliance programs. The proposal is a further step in the creation of a comprehensive system (to which banks are already subject) for the reporting of suspicious transactions by financial institutions. Such a system is a core component of the counter-money laundering programs of the Department of the Treasury.

DATES: Written comments on all aspects of the proposal are welcome and must be received on or before September 15, 1998.

ADDRESSES: Written comments should be submitted to: Office of Chief Counsel, Financial Crimes Enforcement Network, Department of the Treasury, Suite 200, 2070 Chain Bridge Road, Vienna, Virginia 22182-2536. **Attention:** NPRM—Suspicious Transaction Reporting—Casinos.
