SUPPLEMENTARY INFORMATION: The information collected under the requirements of FERC Form No. 73 "Oil Pipelines Service Life Data" (OMB No. 1902-0019) is used by the Commission to implement the statutory provisions of Sections 306 and 402 of the Department of Energy Organization Act 42 U.S.C. § 7155 and 7172, and Executive Order No. 12009, 42 FR 46277 (September 13, 1977). Data submitted by an oil pipeline company during an investigation may be either initial data or it may be an update to existing data already on file.
