SUPPLEMENTARY INFORMATION:

I. Background

Class Exemption 94-71 exempts certain transactions authorized by a settlement agreement resulting from an investigation of an employee benefit plan pursuant to the authority of section 504(a) of the Employee Retirement Income Security Act of 1974 (ERISA) from prohibitions set forth in sections 406 and 407(a) of ERISA. The conditions of the exemption include certain notice and disclosure requirements, which are intended to protect the interests of plan participants and beneficiaries. At least 30 days prior to engaging in the transaction described in the settlement agreement, a party who will be engaging in the transaction or activity must provide written notice to affected participants and beneficiaries in a manner reasonably calculated to result in receipt of the notice. The notice and method of distribution must be approved by the Department's office which negotiated the settlement.

II. Current Actions

The ICR included in this exemption is intended to facilitate voluntary settlements arising from investigations involving Title I of ERISA, while ensuring that participants and beneficiaries have adequate information concerning matters which may affect their benefits. In the absence of Prohibited Transaction Exemption 94-71, parties wishing to enter into certain

types of transactions pursuant to settlement agreements would be required to apply for individual exemptions. Therefore, the Pension and Welfare Benefits Administration intends to request Office of Management and Budget approval of this ICR beyond its September 30, 1998 expiration date.
