

The license for Project No. 1982 was issued for a period ending June 30, 1998. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 1982 is issued to Northern States Power Company for a period effective July 1, 1998, through June 30, 1999, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before June 30, 1999, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Northern States Power Company is authorized to continue operation of the Holcombe Project No. 1982 until such time as the Commission acts on its application for subsequent license.

PSI Energy, Inc.; Notice of Filing

July 1, 1998.

Take notice that on June 9, 1998, PSI Energy, Inc., tendered for filing a Power Supply Agreement between Wabash Valley Power Association, Inc., PSI and Cinergy Services, Inc., dated January 1, 1998. This agreement is to succeed PSI's Rate Schedule FERC No. 241, the Interim Scheduled Power Agreement between itself and Wabash Valley Power Association, Inc.

Copies of the filing were served upon Wabash Valley Power Association, Inc., Indiana Utility Regulatory Commission and the Indiana Office of the Consumer Counsel.

PSI Energy, Inc., requests waiver of the Commission's notice requirements to allow the Interim Agreement to terminate as of year end 1997 and for the Long-Term Agreement to become effective January 1, 1998.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions and protests should be filed on or before July 10, 1998. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
