[File No. 500–1]

Mountain Energy, Inc.; Order of Suspension of Trading

It appears to the Securities and Exchange Commission that questions have been raised about the adequacy and accuracy of publicly disseminated information concerning Mountain Energy, Inc., concerning among other things, Mountain Energy's ownership of certain properties and the valuation of the mineral assets on those properties.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EDT on July 29, 1998, through 11:59 p.m. EDT on August 11, 1998.

By the Commission.
Margaret H. McFarland,
Deputy Secretary.

SOCIAL SECURITY ADMINISTRATION

Testing Modifications to the Disability Determination Procedures; Federal Processing Center Testing

AGENCY: Social Security Administration (SSA).

ACTION: Notice of the continuation of testing involving modifications to the disability determination procedures.

SUMMARY: SSA is announcing the continuation of testing that it has been conducting under the current rules at 20 CFR 404.906, 404.943, 404.966, 416.1406, 416.1443, and 416.1466. Those rules authorize the testing of several modifications to the disability determination procedures that we normally follow in adjudicating claims for disability insurance benefits under title II of the Social Security Act (the Act) and claims for supplemental security income (SSI) payments based on disability under title XVI of the Act.

For a limited time, SSA has modified its disability determination procedures as described in Federal Register notices published on April 28, 1997, and April 4, 1998, to test the applicability of this model to cases where the initial determination is favorable. SSA is now announcing an additional test and an extension of the current testing.

We are now announcing that testing in the Western Program Service Center, 2121 Nevin Avenue, Richmond, California, 94802 will be extended for an additional six months. We stated that we might choose to extend the duration of the test to obtain additional data, and that we would publish another notice in the Federal Register if we decided to extend the duration.
