final antidumping duty administrative review described above.

The Rules provide that:

(a) a Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is August 14, 1998); and

(b) a Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is August 31, 1998); and

(c) the panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and the procedural and substantive defenses raised in the panel review.

National Oceanic and Atmospheric Administration

[I.D. 071598C]

Marine Mammals; Permit No. 968 (P557D)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NCAA), Commerce.

ACTION: Issuance of permit amendment.

SUMMARY: Notice is hereby given that a request for amendment of scientific research permit No. 968 submitted by Scripps Institution of Oceanography, Acoustic Thermometry of Ocean Climate Project, Institute for Geophysics and Planetary Physics, 9500 Gilman Drive, La Jolla, California 92039–0225, has been granted.

ADDRESSES: The amendment and related documents are available for review upon written request or by appointment in the following office(s):

Permits Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 1330, Silver Spring, MD 20910 (301/713–2289); and Regional Administrator, Southwest Region, NMFS, 501 West Ocean Boulevard, Suite 4200, Long Beach, CA 90802–4213 (562/980–4001).

SUPPLEMENTARY INFORMATION: The requested amendment has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.), the provisions of § 216.39 of the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.), the provisions of § 222.25 of the regulations governing the taking, importing, and exporting of endangered fish and wildlife (50 CFR 222.23), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 et seq.).

This amendment extends the permit through December 31, 1998. On April 18, 1997, permit No. 968 was extended through August 31, 1998, to allow the completion of the full 24 month Marine Mammal Research Program (MMRP). Since issuance of that amendment, however, the project has suffered further delays due to the El Niño weather conditions, which prevented the resumption of research at Pioneer Seamount until May 4, 1998. Consequently, to compensate for this latest delay, the Permit is again extended through December 31, 1998.

Issuance of this amendment, as required by the ESA was based on a finding that such permit: (1) Was applied for in good faith; (2) will not operate to the disadvantage of the endangered species which is the subject of this permit; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Ann D. Terbush,
Chief, Permits and Documentation Division, Office of Protected Resources, National Marine Fisheries Service.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

TRICARE Management Activity (TMA), formerly known as OCHAMPUS, is in the process of submitting a final rule for publication in the Federal Register, creating a fourth class of CHAMPUS providers consisting of freestanding corporations and foundations that render principally professional ambulatory or in-home care and technical diagnostic procedures. The intent of the rule is not to create additional benefits that ordinarily would not be covered under CHAMPUS if provided by a more traditional health care delivery system, but rather to allow those services which would otherwise be allowed except for an individual provider’s affiliation with a freestanding corporate facility. The addition of the corporate class will recognize the current range of providers within today’s health care delivery structure, and give beneficiaries access to another segment of the health care delivery industry.

Corporate services providers must also enter into a participation agreement which will be sent out as part of the initial authorization process. The participation agreement will ensure that CHAMPUS providers will deliver allowable payments, combined with the cost-share/copayment, deductible, and other health insurance amounts, will be accepted by the provider as payment in full.

The Application for CHAMPUS-Provider Status: Corporate Services Provider, will collect the necessary information to ensure that the conditions are met for authorization as a CHAMPUS corporate services provider. These conditions include: (1) Is a corporation or a foundation, but not a professional corporation or professional association; (2) provides services and related supplies of a type rendered by CHAMPUS individual professional providers or diagnostic technical services; (3) is approved for Medicare payment or when Medicare approval status is not required, is approved by a qualified accreditation organization; and (4) has entered into a participation agreement approved by the Director, OCHAMPUS or a designee.

The collected information will be used by CHAMPUS contractors to process claims and verify authorized provider status. Verification involves collecting and reviewing copies of the provider’s licenses, certificates, accreditation documents, etc. If the criteria are met, the provider is granted CHAMPUS-authorization status. The documentation and information are collected when: (1) A provider requests permission to become a CHAMPUS-authorized provider; (2) a claim is filed for care received from a provider who is not listed on the contractors’ computer listing of authorized providers; or (3) when a former CHAMPUS-authorized provider requests reinstatement. The contractors develop the forms used to gather information based on CHAMPUS’ conditions for participation listed above. Without the collection of this information, contractors cannot determine if the provider meets CHAMPUS’ authorization requirements for corporate services providers. If the contractor is unable to verify that a provider meets these authorization requirements, the contractor may not reimburse either the provider or the beneficiary for the provider's health care services.

To reduce the reporting burden to a minimum, CHAMPUS has carefully selected the information requested from respondents. Only that information which has been deemed absolutely essential is being requested. If necessary, contractors may verify
