SUPPLEMENTARY INFORMATION:

I. Background

Under the Medicare program, eligible beneficiaries may receive covered services in a hospice provided certain requirements are met. The regulations specifying the Medicare conditions of participation for hospice care are located in 42 CFR part 418. These conditions implement section 1861(dd) of the Social Security Act (the Act), which specifies services covered as hospice care and the conditions that a hospice program must meet in order to participate in the Medicare program. Other relevant sections of the Act are sections 1812(a)(4) and (d) which specify eligibility requirements for the individual and the benefit periods; section 1813(a)(4) which specifies coinsurance amounts; sections 1814(a)(7) and 1814(l)(1)(A) which contain conditions and limitation on coverage of, and payment for, hospice care; and sections 1862(a)(1), (6), (9) which establish limits on hospice coverage.

Regulations concerning provider agreements are at 42 CFR part 489 and those pertaining to the activities relating to the survey and certification of facilities are at 42 CFR part 488. Our regulations at 42 CFR part 418 specify the conditions that a hospice must meet in order to participate in the Medicare program, the scope of covered services, and the conditions for Medicare payment for facility services.

Generally, in order to enter into an agreement, a hospice must first be certified by a State survey agency as complying with the conditions or standards set forth in part 418 of our regulations. Then, the hospice is subject to regular surveys by a State survey agency to determine whether it continues to meet these requirements. There is an alternative, however, to surveys by State agencies.

Section 1865(b)(1) of the Act permits “accredited” hospices to be exempt from routine surveys by State survey agencies to determine compliance with Medicare conditions of participation. Section 1865(b)(1) of the Act provides that if the Secretary finds that accreditation of a provider entity by a national accreditation body demonstrates that all applicable conditions are met or exceeded, the Secretary “deems” those requirements to be met by the hospice. Our regulations concerning approval of accrediting organizations are set forth at §§ 488.6 and 488.8. To date, we have not recognized any organization as an accreditation organization for hospices.

II. Approval of Deeming Organizations

Section 1865(b)(2) of the Act further requires that the Secretary’s findings concerning review and approval of national accrediting organizations consider, among other factors, the applying accreditation organization’s requirements for accreditation, its survey procedures, its ability to provide adequate resources for conducting required surveys and ability to supply information for use in enforcement activities, its monitoring procedures for provider entities found out of compliance with the conditions or requirements, and its ability to provide the Secretary with necessary data for validation.

Section 1865(b)(3)(A) of the Act requires that the Secretary publish, within 60 days of the receipt of an organization’s complete application, a notice identifying the national accreditation body making the request, describing the nature of the request, and providing at least a 30-day public comment period. Subsequently, the Secretary has 210 days from the receipt of the request to publish a finding of approval or denial of the application. The purpose of this notice is to notify the public of the request of CHAP and of JCAHO for approval of their requests that the Secretary find their separate accreditation programs for hospice care meet or exceed the Medicare conditions. This notice also solicits public comment on the ability of each body’s requirements to meet or exceed the Medicare conditions of participation.

III. Evaluation of Deeming Request

On July 6, 1998, CHAP and JCAHO submitted all the necessary information concerning their request to be approved as deeming organizations for hospices to permit us to make a determination. Under section 1865(b)(2) of the Act and our regulations at § 488.8 (“Federal review of accreditation organizations”), our review and evaluation of a national accreditation organization will be conducted in accordance with, but not necessarily limited to, the following factors:
The equivalency of CHAP’s and JCAHO’s requirements for a hospice to our comparable hospice requirements.

CHAP’s and JCAHO’s survey processes, to determine the following:

— The composition of the survey team, surveyor qualifications, and CHAP’s and JCAHO’s ability to provide continuing surveyor training.

— The comparability of their processes to those of State agencies, including survey frequency, and their ability to investigate and respond appropriately to complaints against accredited facilities.

— Their procedures for monitoring providers or suppliers found by CHAP or JCAHO to be out of compliance with program requirements. (These procedures are used only when CHAP or JCAHO identifies noncompliance. If noncompliance is identified through validation reviews, the survey agency monitors corrections as specified at § 488.7(b)(3).)

— Their ability to report deficiencies to the surveyed facilities and respond to the facility’s plan of correction in a timely manner.

— The ability of CHAP and JCAHO to provide us with electronic data in ASCII comparable code and any reports necessary for effective validation and assessment of their survey processes.

— The adequacy of CHAP’s and JCAHO’s staff and other resources, and their financial viability.

— CHAP’s and JCAHO’s ability to provide adequate funding for performing required surveys.

— CHAP’s and JCAHO’s policies with respect to whether surveys are announced or unannounced.

CHAP’s and JCAHO’s agreement to provide us with a copy of the most current accreditation survey together with any other information related to the survey as we may require (including corrective action plans).

IV. Notice Upon Completion of Evaluation

Upon completion of our evaluation, including evaluation of comments received as a result of this notice, we will publish a notice in the Federal Register announcing the result of our evaluation.
